

Transforming the present. Creating a bright future.

MISSION STATEMENT To provide the **BEST QUALITY** services and products to all our customers at the most competitive cost. **Lentor Modern** developed by GuocoLand LENTOR MODERN POPULATION SERVICES

Our strategy to build diversified income streams has served us well in strengthening our ability to withstand challenges.

Dear Shareholders,

After a challenging two years, the pick-up in activity across all our business segments during the financial year ended 31 May 2022 ("FY2022") was indeed a relief. As a Group, we managed to turn in sustained profitability, in spite of continued challenges in the construction industry, thanks to our longstanding strategy of building a diversified business portfolio with multiple revenue streams. Our property development, investment holding and dormitory businesses performed well to boost our bottom line with their positive contribution.

Financial Highlights

We registered a 53.2% improvement in Group revenue to \$\$788.3 million, from \$\$514.5 million for the financial year ended 31 May 2021 ("FY2021"). In line with the increase in business activity, cost of sales rose 55.1% to \$\$705.1 million, from \$\$454.7 million in FY2021, and gross profit has thus increased by 39.2% to \$\$83.2 million, from \$\$59.8 million in the preceding financial year.

Profit attributable to shareholders increased by 66.7% to \$\$43.5 million, from \$\$26.1 million in FY2021, taking into account the higher revenue contribution from the property development segment, as well as improvements in our share of results from associates and joint ventures. Supported by the overall increase in business activity, our financial position remained healthy.

In view of the good performance, the board of directors has proposed a final, tax-exempt dividend of S\$0.02 per share, subject to approval at the upcoming annual general meeting on 28 September 2022. This is in addition to the interim dividend of S\$0.01 per share paid out in January 2022, and, if approved, will bring the total dividend for FY2022 to S\$0.03 per share.

Segmental Highlights

The significant improvement in construction activity resulted in year-on-year revenue improvement for our Construction business segment. Unfortunately, our FY2022 margins were weighed down by soaring manpower and material costs in view of supply shortage.

We have, nevertheless, been prudently replenishing our order book, while factoring in these cost increases. Since the start of FY2022, we have added four contracts worth about S\$800 million to our construction order book.

Our Property Development segment, which is operated by our 77.6%-owned subsidiary, SLB Development Ltd., generated markedly higher revenue and profit year-on-year, driven by an increase in the number of units sold and progress made in the construction of its light industrial development, INSPACE. Our investments in the private residential projects, Affinity @ Serangoon and Riverfront Residences, through associate companies recorded higher development profits from the sale of units and construction progress made in these projects.

SLB further built up its property development land bank in Singapore with the acquisition of a pair of commercial properties at North Canal Road, and the joint acquisition of Peace Centre and Peace Mansion, as well as Euro-Asia Apartments. It also jointly acquired 17 shophouses at Jalan Sultan currently operating as Hotel Clover, with the intention to reposition the hotel into serviced residences. In addition, SLB has expanded its footprint in Australia with the acquisition of an office building in the Melbourne central business district. This is SLB's second acquisition in the city, following its joint-venture acquisition of a retail property there in April 2021.

Our Investment Holding and Dormitory business segment also recorded higher revenue in FY2022. We recognised maiden full-year rental contribution from the investment property, BreadTalk IHQ, which was acquired in April 2021. Other investment properties held through associates and joint ventures also recorded fair value gains in FY2022, compared to pandemic-induced fair value losses in the previous financial year. In addition, our associates in the hospitality business in the United Kingdom recorded higher occupancy and room rates, as a result of the lifting of movement and border restrictions in the country.

Occupancy in our dormitory business gradually improved, with the relaxation of Covid-19 containment measures and restrictions on foreign workers' entry into Singapore.

Strength and Resilience

While construction demand is expected to recover, the ongoing labour shortage and rising material costs will continue to be a challenge. Against this backdrop, we will closely monitor the progress of our existing projects to ensure that we complete them on time. We will also factor in the potential increase in costs when tendering for new projects.

The current interest rate environment and inflationary pressures are expected to raise the overall cost of borrowing. The Group will take this into consideration when evaluating opportunities in property development and property investment.

With the gradual improvement in tenancy and occupancy rates, the Investment Holding and Dormitory businesses are expected to continue generating stable recurring income for us.

Our strategy to build diversified income streams has strengthened our ability to withstand the challenges over the years. Going forward, we will prioritise cost control, and exercise due diligence when exploring business opportunities in the region for sustainable growth.

Appreciation

Together with my fellow Board of Directors, I am thankful to have a team of management and staff who have shown perseverance and strength amid the challenges in our operating environment. To our shareholders, customers, business partners and associates, we thank you for your support and ongoing trust in us. We will continue to do our best to grow our business as we navigate the challenges.

主席 致辞

建立多元化收入来源的集团策略,大大加强了我们抵御挑战的能力。

尊敬的股东们,

经历了艰难的两年,我们集团所有业务活动在截至2022年5月31日的财政年度("2022财年")全面回升,让人深感欣慰。就集团而言,尽管建筑业持续面临挑战,我们依然保持盈利,这可归功于集团采取了多元化业务的长期策略,带来了多重收入来源。房地产开发、投资和客工宿舍业务均表现亮眼,从而提高了集团的盈利表现。

财务摘要

2022财年集团营收增长至7亿8830万新元,相较前一财政年度("2021财年")的5亿1450万新元,增幅高达53.2%。随着业务活动的回升,营收成本从2021财年的4亿5470万新元相应提高55.1%至2022财年的7亿510万新元。毛利也因此提高39.2%,从前一财年的5980万新元上扬至8320万新元。

股东应占净利从2021财年的2610万新元跃升66.7% 至4350万新元,主要源于房地产开发业务以及联 营和合资公司的应占收益的提高。而本财年的财 务状况也在业务活动的全面回升下依旧保持稳健。

鉴于集团的良好表现,董事会提议派发每股0.02新元的终期股息,并于2022年9月28日的股东大会中提呈股东批准。如果得到股东批准,连同2022年1月份派付的每股0.01新元的中期股息,2022财年全年派付的总股息将达每股0.03新元。

部门业务摘要

建筑活动显著改善促使集团建筑业务营收同比取得增长。然而,由于人力和建筑材料供应短缺导致建筑成本飙升,影响了集团2022财年的利润率。尽管如此,我们在考虑到成本上升因素的情况下,一如既往的谨慎扩充建筑订单。自2022财年开始至今,我们已囊获四项总值8亿新元的建筑订单。

由集团持有77.6%股权的子公司新联明发展有限公司("新联明")所经营的房地产开发业务,在轻工业项目INSPACE销售单位增加以及其工程进度加深的带动下,营收与盈利比同期取得显著的提升。新联明通过联营公司在私宅项目Affinity@Serangoon和Riverfront Residences的投资也取得了成果,项目单位的销售成绩和工程进度加深带来了更高的发展利润。

此外,新联明也通过合资和合作方式进一步扩大房地产业务组合。新联明收购了位于North Canal Road相连的两座商业物业,并联合收购了Peace Centre和Peace Mansion,以及Euro-Asia Apartments。另外,它还联合收购了位于Jalan Sultan的17间店屋,目前名为Hotel Clover,当作酒店来运营。我们与合资公司计划将它重新设计为服务式住宅。除此之外,新联明也在澳大利亚墨尔本中央商业区收购一座办公楼,从而扩大其在澳大利亚的业务。这也是新联明在墨尔本于2021年4月首次合资收购当地的一个零售物业后的第二项收购。

集团的投资业务和客工宿舍业务营收也同比上扬。自2021年4月收购投资物业 BreadTalk IHQ后,这项物业贡献了首个全年租金。通过联营和合资公司持有的投资物业也在2022财年里获得公允值收益,2021财年则因疫情导致公允值亏损。此外,自英国取消行动和旅游限制后,提高了酒店的入住率和房价,让我们在当地经营酒店业的联营公司受益。而随着新加坡放宽疫情防控措施和客工入境的限制,客工宿舍业务的入住率也逐渐提高。

主席致辞

坚毅韧性

尽管建筑需求预计将逐渐恢复,然而人力成本和 建筑材料价格持续上升的问题,对建筑业者而言 仍然是一种挑战。如此环境下,我们将继续密切 关注现有项目的施工进度,以确保能够准时竣工。 在投标新建筑项目时,集团也会将建筑成本上升 的可能性纳入考量。

目前的利率环境和通货膨胀压力预计将增加集团 的借贷成本,这会是集团在评估新的房地产发展 和房地产投资项目时的考虑因素。

随着出租率和客工宿舍入住率的逐步回升, 预料 投资业务和客工宿舍业务将会为集团继续带来稳 定的持续性收入。

我们建立多元化收入来源的策略加强了我们抵御 挑战的能力。展望未来,我们将会继续着重成本 控制,并在探寻区域商机时保持谨慎。

致谢

我仅代表董事会成员感谢我们的管理层和工作 团队在面对营运挑战时展现了十足勇气和毅力。 我们也要感谢股东、客户和业务伙伴的持续支持 和信任。我们联明集团全体人员将继续尽我们最 大的努力在应对挑战的同时,努力发展集团业务。

GROUP STRUCTURE

As at 31 July 2022

GROUP STRUCTURE As at 31 July 2022

FINANCIAL HIGHLIGHTS

Higher activity across all business segments lifted Group revenue to \$\$788.3 million in FY2022.

The Group registered a 53.2% improvement in revenue to \$\$788.3 million in FY2022, from \$\$514.5 million in FY2021, mainly due to higher revenue generated by all its business segments.

In line with the increased business activity, and higher labour and material costs incurred by the Construction Segment, cost of sales rose by 55.1% to \$\$705.1 million in FY2022, from \$\$454.7 million in FY2021.

As a result of the above, gross profit rose by 39.2% to \$\$83.2 million, from \$\$59.8 million in the preceding year.

Other operating income decreased by 44.9% to S\$19.9 million in FY2022, from S\$36.1 million in FY2021, mainly due to a significant decline in Covid-19 related grants and incentives extended by the Singapore government. The decrease was partially offset by higher rental income of S\$2.3 million from Thye Hong Centre, a development property that the Group acquired in December 2020.

Distribution expenses rose 130.1% to S\$5.8 million, from S\$2.5 million a year ago, mainly due to higher marketing expenses incurred for INSPACE. This is in line with the increase in number of units sold and progress made in the construction of the project.

Other operating expenses increased by 46.7% to S\$14.8 million, from S\$10.0 million in FY2021, mainly due to net unrealised exchange loss of S\$3.7 million in FY2022. The unrealised exchange loss mainly arose from the revaluation of the Group's (i) assets denominated in British Pound and Australian Dollar following the depreciation of these currencies against the Singapore Dollar, and (ii) bank loans denominated in the US Dollar as a result of the appreciation of US Dollar against Singapore Dollar.

Finance cost increased 14.2% to S\$13.9 million, from S\$12.2 million in FY2021, mainly due to an increase in interest expense on bank loans drawn down for development property Thye Hong Centre and

investment property BreadTalk IHQ, which were acquired in December 2020 and April 2021 respectively.

Share of profit from associates increased to S\$29.6 million, from S\$6.5 million a year ago, on the back of:

- share of higher development profits from the sale of units and progress made in the construction of Affinity @ Serangoon and Riverfront Residences;
- ii) share of fair value gain from the associates' investment properties in FY2022, compared to share of fair value loss in the prior year; and
- iii) share of profits from the associates' hospitality business in the United Kingdom due to improved room occupancies and room rates, as well as reversal of impairment losses on the hotel properties arising from the lifting of movement and travel restrictions.

The Group recorded a share of profit from joint ventures of S\$4.5 million in FY2022, compared to a share of loss of S\$1.8 million in FY2021. This was mainly due to a share of fair value gain of S\$0.5 million on the joint venture's investment properties in FY2022, compared to share of fair value loss of S\$5.1 million in FY2021.

Taking into account the above, profit attributable to owners of the Company increased by 66.7% to S\$43.5 million in FY2022, from S\$26.1 million in FY2021.

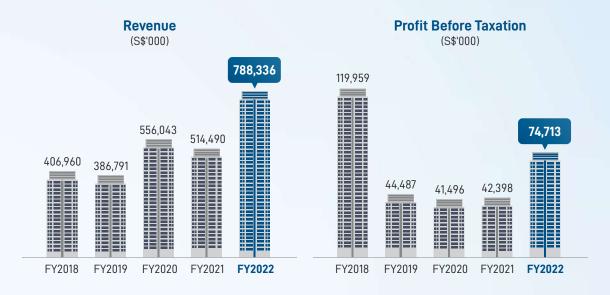

Cash and cash equivalents (including restricted cash pledged for bank loans) increased to a healthy S\$228.9 million as at 31 May 2022, compared to S\$208.6 million as at 31 May 2021.

Equity attributable to shareholders as at 31 May 2022 was S\$766.5 million, compared to S\$740.0 million a year ago.

FY2022 HIGHLIGHTS

Following the close of the mandatory offer, the stake held by substantial shareholder Ong Sek Chong & Sons Pte Ltd (together with parties acting in concert with it) increased to 68.33%.

United Tec Construction Pte. Ltd., the Group's 60%-owned subsidiary, was awarded a contract for the construction of a private residential development, AMO Residence.

The Group, through its 15%-owned associate companies, completed the disposal of Bradford PCH Limited, the registered proprietor of the ibis Budget Bradford Hotel in Bradford, United Kingdom. The disposal was in line with the Group's plan to rationalise its investment strategy and streamline its portfolio.

The Group's 77.6%-owned property development subsidiary SLB Development Ltd has, through its 33.33%-owned associate company and along with its consortium partners, successfully made a \$\$650 million offer for the en bloc acquisition of Peace Centre and Peace Mansion through private treaty.

Wholly-owned subsidiary Deenn Engineering Pte Ltd was awarded a contract for a public sector construction project.

The Group completed the disposal of 186 Wickham Street and 29 Ranwell Lane, both freehold land in Brisbane, Australia, through its two 30%-owned associate companies. The disposal was in line with the voluntary disposal undertaking given to SLB upon its listing on Singapore Exchange Catalist to mitigate potential conflicts of interest.

Wholly-owned subsidiary Lian Beng Construction (1988) Pte Ltd was awarded a contract for the construction of a private residential development, Lentor Modern.

Subsequent Events

United Tec Construction was awarded a contract for the construction of a private residential development at Jalan Tembusu.

SLB's 15%-owned associate company was awarded the tender for the collective purchase of the development known as Euro-Asia Apartments at 1037 Serangoon Road, Singapore, at the purchase price of S\$222 million.

The Group completed the acquisition of 100% stake in Food Empire Real Estates Pte. Ltd., the registered proprietor of Food Empire Building, an 11-storey multi-user freehold light industrial factory building located at 31 Harrison Road.

Construction

Work resumption on the Group's construction projects has resulted in higher construction revenue.

Revenue from the Construction segment rose 49.6% to \$\$639.5 million in FY2022, from a low base of \$\$427.5 million in the preceding financial year. The increase reflected a year-on-year improvement in activity and progress made in the Group's various construction projects. In contrast, FY2021 saw a marked slowdown in activity due to manpower disruption from movement control and safe management measures.

Following the easing of these measures in FY2022, the Group has earnestly resumed work. Nevertheless, manpower and material costs have risen significantly and impacted project margins.

The Group has, through its subsidiaries Lian Beng Construction (1988) Pte Ltd, Deenn Engineering Pte Ltd and United Tec Construction Pte. Ltd., secured four contracts worth about S\$800 million since the start of FY2022. These contracts bring its order book to a healthy S\$1.7 billion as at 27 July 2022, which should sustain its activities through FY2026.

During the financial year, the Group commenced the construction of a new ready-mix concrete batching plant at Jurong Port, which is slated for completion in the first quarter of 2023. The new batching plant will have a larger capacity and be equipped with automation system and software, which will improve productivity and efficiency, as well as reduce manpower cost. Harnessing the new technology, the plant is further expected to operate on a smaller carbon footprint.

The ramp-up of construction activity across Singapore has led to increased demand for heavy-duty construction equipment. In response to the demand, the Group has acquired more of such equipment in FY2022 for its equipment leasing business.

Property Development

The property development business enjoyed higher revenue recognition from its development property and share of profit from associates.

The Group's Property Development segment registered a 119.0% increase in revenue to S\$92.8 million, compared to S\$42.4 million a year ago. SLB recognised higher revenue from the development of industrial property INSPACE, due to the increase in number of units sold in FY2022 and progress made in its construction. The higher revenue was partially offset by the decrease in revenue recognised from another industrial property Mactaggart Foodlink, which obtained its temporary occupation permit in March 2021.

The Group's share of profit of S\$18.9 million from its property development associates was derived from higher development profits and progress made in the construction of residential projects Affinity @ Serangoon and Riverfront Residences.

In December 2021, SLB together with its joint venture partners, made a successful offer for the en bloc acquisition of the mixed development Peace Centre and Peace Mansion. The acquisition is currently on-going.

In March 2022, SLB has jointly acquired 17 adjourning shophouses currently operating as Hotel Clover at Jalan Sultan for S\$74.8 million, with the intention to redesign and reposition the hotel as serviced apartments. Subsequent to the financial year, in June 2022, SLB acquired two 4-storey commercial buildings at 30 and 31 North Canal Road for S\$14.4 million. In July 2022, SLB, together with its joint venture partners, successfully tendered for the collective purchase of Euro-Asia Apartments at Serangoon Road for S\$222.2 million.

Beyond Singapore, SLB has also expanded its footprint in the Australia office market. In May 2022, it entered into a contract of sale to acquire a 12-storey commercial property in Melbourne's central business district for A\$35.5 million (S\$34.2 million). The property is well situated at 225 King Street, with good access to the public transport network. The acquisition was completed in August 2022.

Investment Holding

The Investment Holding segment, which holds a portfolio of commercial, industrial and residential properties in Singapore, continued to provide the Group with a healthy source of recurring income.

The Investment Holding segment generated revenue of \$\$34.1 million, a 34.0% increase over the \$\$25.4 million recorded in the preceding financial year. The improvement was mainly due to contribution from investment property, BreadTalk IHQ that was acquired in April 2021. BreadTalk IHQ is a single-user industrial development with a retail component in Tai Seng. The Group holds an effective stake of 80% in the property.

With the lifting of movement and border restrictions, the Group's associates in the hospitality business in the United Kingdom registered improved room occupancies and rates, and recorded a reversal of impairment losses on these hotel properties. In addition, the Group recorded a share of net fair value gain of the associates' investment properties in FY2022, compared to share of fair value loss in FY2021.

As a result, the Group recorded a S\$5.7 million share of profit from associates, compared to a loss of S\$4.1 million in the preceding financial year.

The Group recorded S\$4.2 million in share of profit from joint ventures, compared to a loss of S\$1.5 million a year ago. This was mainly due to a S\$0.5 million share of fair value gain on the joint venture's investment properties, compared to a share of fair value loss of S\$5.1 million in FY2021.

The Group's investment securities portfolio increased to S\$190.5 million in May 2022, from S\$167.1 million in May 2021, mainly due to purchases of corporate bonds and funds during the financial year for recurring income.

Subsequent to the financial year, in August 2022, the Group completed the acquisition of Food Empire Real Estates Pte. Ltd., the registered proprietor of Food Empire Building located at 31 Harrison Road. The purchase consideration took into account the property value of \$\$49.3 million.

Dormitory

With the relaxation of Covid-19 containment measures and restrictions on foreign workers' entry into Singapore, both Westlite Mandai and ASPRI-Westlite Papan dormitories recorded gradual improvements in occupancy rates.

The Dormitory segment registered a 14.3% improvement in revenue to S\$22.0 million, compared to S\$19.2 million in FY2021. With the relaxation of Covid-19 containment measures and restrictions on foreign workers' entry into Singapore, along with resumption of activity in various industries, occupancy and rental revenue at both the Westlite Mandai and ASPRI-Westlite Papan dormitories saw gradual improvement.

The Covid-19 pandemic has highlighted the need for dormitory operators to ensure the provision of

a resilient living, working, social and healthcare environment for its residents and to ensure dormitory assets are well-calibrated for future pandemic management. The Group works closely with its dormitory operator to provide active care and support for the physical, mental and social well-being of all its residents. Additionally, the Group, together with its dormitory operator, also works closely with the Singapore government, to ensure continued compliance with regulations for worker housing and measures to reduce the risk of infectious disease transmissions in foreign worker dormitories.

OUR PEOPLE, OUR ASSETS

Our employees are the drivers of our success and long-term business sustainability. We endeavour to be an employer of choice that provides equal opportunities for all our employees. We seek to create a nurturing workplace environment that encourages diversity and inclusion, where all our employees treat each other respectfully and equally.

Our long-term human resources strategy is to cultivate the potential of our people through training and development. We aim to equip our employees with the right skillsets and knowledge, and unlock their potential to improve work competency and efficiency. We ensure they are kept abreast of the current technology and knowledge to improve the overall productivity.

Our employees are regularly sent on courses to keep them updated on the latest industry developments and best practice. Most of these training sessions were conducted virtually in view of Covid-19 safe-management restrictions over the past year.

We also offer talented employees opportunities to take on more challenging positions through job rotations to train them for greater responsibilities.

We remain committed to giving back and positively impacting the community as part of our corporate social responsibility. The Group is a regular supporter of the POSB Passion Run for Kids. During FY2022, we also contributed to various charity and non-profit organisations, such as the Loving Heart Multi-Service Centre (Jurong). With the easing of Covid-19 community measures, we are looking forward to resuming in-person corporate social responsibility activities with our staff.

CORPORATE GOVERNANCE REPORT

The Board of directors (the "Board") of Lian Beng Group Ltd is committed to maintaining a high standard of corporate governance to ensure greater transparency and to protect the interests of the Company's shareholders (the "Shareholders").

The Company has put in place various policies and practices that will safeguard the interests of Shareholders and enhance Shareholders' value as part of its effort to maintain high standards of corporate governance. This report describes the corporate governance practices and procedures adopted by the Company with specific reference to the revised Code of Corporate Governance 2018 (the "Code") issued by the Monetary Authority of Singapore. References to the principles and provisions of the Code are listed below.

The Board confirms that for the financial year ended 31 May 2022 ("**FY2022**"), the Company has substantially complied with the principles and provisions of the Code. Where there are deviations from the recommendations of the Code, appropriate disclosures and explanations are provided.

BOARD MATTERS

THE BOARD'S CONDUCT OF AFFAIRS

Principle 1: The Company is headed by an effective Board which is collectively responsible and works with Management for the long term success of the Company.

Provision 1.1

Directors are fiduciaries who act objectively in the best interests of the Company and hold Management accountable for performance. The Board puts in place a code of conduct and ethics, sets appropriate tone-from-the-top and desired organisational culture, and ensures proper accountability within the Company. Directors facing conflicts of interest recuse themselves from discussions and decisions involving the issues of conflict.

The Board oversees the management of the business and affairs of the Company and its subsidiaries (collectively, the "**Group**"). The Board's role is to:

- 1. Provide entrepreneurial leadership, set strategic objectives, and ensure that the necessary financial and human resources are in place for the Group to meet its objectives;
- 2. Establish a framework of prudent and effective controls which enables risks to be assessed and managed, including safeguarding of shareholders' interests and the Group's assets;
- 3. Review the management performance;
- 4. Identify the key stakeholder groups and recognize that their perceptions affect the Company's reputation:
- 5. Set the Group's values and standards (including ethical standards), and ensure that obligations to shareholders and other stakeholders are understood and met; and
- 6. Consider sustainability issues such as environmental and social factors, as part of its strategic formulation.

The Board works with the management of the Company (the "Management") and the Management remains accountable to the Board.

Every Director is expected, in the course of carrying out his or her duties, to act in good faith and to consider at all times the interests of the Company.

The Company has an established Code of Conduct which is updated periodically that sets out the principles of business ethics and conduct for the Group and covers significant areas including appropriate business conduct and ethics, safeguarding of confidentiality information and prohibition on insider trading, anti-bribery, corruption and fraud measures, and conflicts of interest and non-competition. All employees of the Group are to uphold these principles and conduct themselves with high standards of integrity that are in compliance with the laws and regulations of the jurisdictions in which it operates.

CORPORATE GOVERNANCE REPORT

Directors are required to promptly disclose any conflict or potential conflict of interest, whether directly or indirectly, in relation to any matters, transactions or proposed transactions with the Group as soon as is practicable after the relevant facts have come to their knowledge. Any Director who has a conflict of interest which is likely to impact his independence or conflict with a subject under discussion by the Board is required to immediately declare his interest to the Board and recuse himself from participating in any discussion and voting on the subject matter.

Provision 1.2

Directors understand the Company's business as well as their directorship duties (including their roles as executive, non-executive and independent directors). Directors are provided with opportunities to develop and maintain their skills and knowledge at the Company's expense. The induction, training and development provided to new and existing directors are disclosed in the Company's annual report.

The duties and obligations of the Director are set out in writing upon his/her appointment. Apart from keeping the Board informed of all relevant new laws and regulations, the Company has an orientation programme for new Directors to ensure that the incoming Director is familiar with the Company's business and governance practices. He/she will be given a tour and briefing of key facilities and activities of the Company, as well as a detailed presentation by key senior management covering structure, business activities and growth strategies of the Group and an overview of the more significant business risks, issues and challenges it faces. Corporate materials and documents such as the latest Annual Report, minutes of recent Board meetings, and the Constitution of the Company will also be given to him/her to facilitate his/her understanding of the structure and operations of the Group.

The Board as a whole is updated half-yearly during the Board and AC meetings on risk management, corporate governance, insider trading and the key changes in the relevant regulatory requirements and financial reporting standards, so as to enable them to properly discharge their duties as Board or Board committee members. For newly-appointed Directors, the Company will arrange relevant training courses for them to familiarize with the duties and responsibilities as a Director of a listed company. The Company also encourages Directors to attend training courses organized by the Singapore Institute of Directors or other training institutions in connection with their duties as Directors. Where necessary, the Directors regularly update themselves on their duties and responsibilities as directors, changes to any relevant laws and regulations such as the Listing Rules of the Singapore Exchange Securities Trading Limited ("SGX-ST"), the Code, the Companies Act 1967 of Singapore (the "Companies Act") etc. and changing commercial risks.

During FY2022, the external auditors briefed the Audit Committee members on developments in accounting and governance standards. The Executive Directors also updated the Board at each Board meeting on business and strategic developments relating to the industry that the Group operates in.

Provision 1.3

The Board decides on matters that require its approval and clearly communicates this to Management in writing. Matters requiring board approval are disclosed in the Company's annual report.

The Company has adopted internal guidelines setting forth matters that require board approval. The types of material transactions that require board approval under such guidelines are listed below:

- a. Approval of financial statements and financial results announcements;
- b. Approval of interested parties' transactions;
- c. Declaration of interim dividends and proposal of final dividends;
- d. Convening of shareholders' meetings;
- e. Approval of corporate strategy;
- f. Authorisation of merger and acquisition transactions; and
- g. Authorisation of major transactions.

CORPORATE GOVERNANCE REPORT

Provision 1.4

Board committees, including Executive Committees (if any), are formed with clear written terms of reference setting out their compositions, authorities and duties, including reporting back to the Board. The names of the committee members, the terms of reference, any delegation of the Board's authority to make decisions, and a summary of each committee's activities, are disclosed in the Company's annual report.

All Directors make decisions objectively and discharge their responsibilities in the interests of the Company. To facilitate effective management, certain functions have been delegated to various Board Committees ("Board Committees"), whose actions are reported to and monitored by the Board.

These Board Committees include the audit committee (the "AC"), the nominating committee (the "NC") and the remuneration committee (the "RC"), all of which operate within clearly defined terms of reference and functional procedures. The composition, terms of reference, summary of activities, of AC, NC and RC are disclosed under various provisions of this report.

Provision 1.5

Directors attend and actively participate in Board and board committee meetings. The number of such meetings and each individual director's attendances at such meetings are disclosed in the Company's annual report. Directors with multiple board representations ensure that sufficient time and attention are given to the affairs of each Company.

The Board meets regularly, at least on a half-yearly basis and as warranted. Ad hoc meetings will be arranged to deliberate on urgent substantive matters. Board meeting by telephone conference is allowed under the Company's constitution (the "Constitution").

The number of Board meetings, NC, RC and AC meetings held during FY2022 as well as the attendance of each Board member at those meetings are disclosed below:

| Name of Director | Board Meeting | | Nominating Committee Meeting | | Remuneration Committee Meeting | | Audit Committee Meeting | |
|------------------|------------------|-----------------|------------------------------------|-----------------|--------------------------------------|-----------------|-------------------------------|-----------------|
| | No. Held | No. Attended | No. Held | No. Attended | No. Held | No. Attended | No. Held | No. Attended |
| Ong Pang Aik | 3 | 3 | - | - | - | - | - | - |
| Ong Lay Huan | 3 | 3 | - | - | - | - | - | - |
| Ong Lay Koon | 3 | 3 | - | - | - | - | - | - |
| Low Beng Tin | 3 | 3 | 1 | 1 | 1 | 1 | 2 | 2 |
| Ko Chuan Aun | 3 | 3 | 1 | 1 | 1 | 1 | 2 | 2 |
| Ang Chun Giap | 3 | 3 | 1 | 1 | 1 | 1 | 2 | 2 |
| Tan Khee Giap | 3 | 3 | 1 | 1 | 1 | 1 | 2 | 2 |

Although some of the Directors have multiple Board representations, the NC has considered and is satisfied that each of them is able to and has adequately carried out his duties as a Director of the Company for FY2022, given that only 3 Directors currently hold more than 1 directorships in other listed companies and the Directors have contributed sufficient time and effort to discharge their duties in the best interests of the Group.

CORPORATE GOVERNANCE REPORT

Provision 1.6

Management provides directors with complete, adequate and timely information prior to meetings and on an on-going basis to enable them to make informed decisions and discharge their duties and responsibilities.

In order to ensure that the Board is able to fulfil its responsibilities, the Management provides the Board with complete, adequate and timely information about the Group as well as the relevant background information relating to the business and matters to be discussed prior to Board meetings and on an on-going basis so as to enable them to make informed decisions to discharge their duties and responsibilities. To allow the Directors to have sufficient time to prepare for the meetings, all Board papers are distributed to the Directors in advance of the meetings. Any additional material or information requested by the Directors is promptly furnished.

The Board papers include, among others, the following documents and details:

- minutes of the previous meetings;
- follow-up on significant matters outstanding following the previous meetings;
- · financial review: actual, budget and any other major financial issues;
- internal audit reports prepared by the Company's internal auditors;
- external audit reports prepared by the Company's external auditors;
- annual budgets (actual vs budget); and
- major operational and investment proposals and update.

To ensure that Directors receive sufficient background explanatory information, briefings or formal presentations may also be given or made by the Management in attendance at Board meetings, or by external consultants engaged on specific projects. Directors are also entitled to request additional information and the Management shall provide the same in a timely manner.

The Directors also receive management reports on the Group's financial performance on a half-yearly basis, which contain adequate and timely operational and financial information that facilitates an assessment of the Group's financial performance, financial position and prospects. The management reports consist of financial statements with disclosures and explanations of material variances between past performance, budgets and actual results.

Provision 1.7

Directors have separate and independent access to Management, the company secretary, and external advisers (where necessary) at the Company's expense. The appointment and removal of the company secretary is a decision of the Board as a whole.

The Directors have separate and independent access to the Management, the Company's internal auditors, external auditors and the company secretaries at all times should they have any queries on the Group's affairs.

Together with the Management, the Company Secretaries are responsible for ensuring that appropriate procedures are followed and that the requirements of the Companies Act, and the provisions in the Listing Manual of the SGX-ST are complied with.

At least 1 of the Company Secretaries and/or her representatives attends all Board and Board Committee meetings. They assist the Chairman in ensuring that board procedures are followed and regularly reviewed to ensure effective functioning of the Board, and that the Company's Constitution and relevant rules and regulations, including requirements of the Companies Act and the provisions in the Listing Manual of the SGX-ST are complied with. Under the direction of the Chairman, the Company Secretaries are responsible for ensuring good information flow within the Board and its committees, facilitating the Directors' orientation programme, and assisting with professional developments as required. They are also the primary channel of communication between the Company and the SGX-ST. The appointment and removal of the Company Secretaries is a matter for the Board as a whole.

CORPORATE GOVERNANCE REPORT

The Board engages independent professional advice, as and when necessary, to enable it to discharge its responsibilities effectively. Subject to the approval of the Chairman, Directors, whether as a group or individually, may seek and obtain independent professional advice to assist them in their duties, at the expense of the Company.

Changes to regulations and accounting standards are closely monitored by the Management. The Directors are briefed either during Board and Board Committee meetings, by the Company Secretaries or the Company's external/internal auditors of these changes especially where these changes have an important bearing on the Directors' disclosure obligations.

BOARD COMPOSITION AND GUIDANCE

Principle 2: The Board has an appropriate level of independence and diversity of thought and background in its composition to enable it to make decisions in the best interests of the Company.

Provision 2.1

An "independent director" is one who is independent in conduct, character and judgement, and has no relationship with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the director's independent business judgement in the best interests of the Company.

(i) The Company is headed by an effective Board to lead and control the Company.

As at the date of this report, the Board comprises 3 Executive Directors and 4 Independent Directors, namely:

Executive Directors

- 1. Mr Ong Pang Aik
- 2. Ms Ong Lay Huan
- 3. Ms Ong Lay Koon

Independent & Non-Executive Directors

- 1. Mr Low Beng Tin
- 2. Mr Ko Chuan Aun
- 3. Mr Ang Chun Giap
- 4. Dr Tan Khee Giap

Information regarding each Board member is provided under the Board of Directors section set out on pages 8 to 11 of this Annual Report.

None of the Directors has appointed an alternate director in FY2022.

As there are 4 Independent Directors representing majority of the Board, there is a strong independent element on the Board, thereby allowing it to exercise objective judgment on all matters independently from the Management.

(ii) The independence of each Director is assessed and reviewed at least annually by the NC. The NC adopts the definition in the Code as to what constitutes an independent director in its review to ensure there is a strong independent element on the Board such that the Board is able to exercise objective judgement on corporate affairs independently. The Independent Directors have confirmed that they do not have any relationship with the Company, its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Directors' independent business judgement in the best interests of the Group.

CORPORATE GOVERNANCE REPORT

In this regard, the NC is of the view that the Independent Directors of the Company, namely, Mr Low Beng Tin, Mr Ko Chuan Aun, Mr Ang Chun Giap and Dr Tan Khee Giap are independent. They are well-qualified and experienced and have the ability to make impartial and well-balanced decisions and to act in the best interests of the Company and its shareholders. None of the Independent Directors have served on the Board for more than 9 years from the date of their initial appointment.

The Independent Directors ensure that the strategies proposed by the Management are constructively challenged, fully discussed and examined and take into account the long-term interests, not only of Shareholders but also other stakeholders of the Group. The Independent Directors also review the Management's performance in achieving agreed goals and objectives, and monitor the reporting of its performance. They also meet regularly on their own, without the presence of the Management.

Provision 2.2

Independent directors make up a majority of the Board where the Chairman is not independent.

As at the date of this report, the Board comprises 4 Independent Directors representing a majority of the Board. The NC is satisfied that the Board has substantial independent elements to ensure that objective judgement is exercised on corporate affairs.

Provision 2.3

Non-executive directors make up a majority of the Board.

As at the date of this report, the Board comprises 4 Non-Executive and Independent Directors representing a majority of the Board.

Provision 2.4

The Board and board committees are of an appropriate size, and comprise directors who as a group provide the appropriate balance and mix of skills, knowledge, experience, and other aspects of diversity such as gender and age, so as to avoid groupthink and foster constructive debate. The board diversity policy and progress made towards implementing the board diversity policy, including objectives, are disclosed in the Company's annual report.

The Board and Board Committees comprises Directors who as a group provide core competencies such as accounting and finance, business and management experience, industry knowledge and strategic planning experience. Hence, the NC is of the view that the current Board and Board Committees comprise persons who as a group provide capabilities required for the Board to be effective.

The Board, through the NC, has reviewed and is satisfied that the current structure, size and composition of the Board and Board Committees are appropriate for effective decision making, taking into account the scope and nature of the operations of the Company, the balance and diversity of, amongst other factors, skills, experience and gender. The NC is of the view that no individual or small group of individuals dominates the Board's decision-making process.

While the Board and NC have not implemented a fixed diversity policy, the composition of the Board is reviewed on an annual basis by the NC to ensure that the Board has an appropriate mix of expertise and experience to enable the Management to benefit from diverse perspectives in reviewing the issues that are brought before the Board.

In accordance with Listing Rule 710A which came into effect from 1 January 2022, the Company will develop and implement its diversity policy and release the relevant disclosures in its annual report for FY2023.

CORPORATE GOVERNANCE REPORT

Provision 2.5

Non-executive directors and/or independent directors, led by the independent chairman or other independent director as appropriate, meet regularly without the presence of Management. The chairman of such meetings provides feedback to the Board and/or Chairman as appropriate.

The Non-Executive Independent Directors meet on a need-to basis amongst themselves and with the Company's external auditors and internal auditors without the presence of the Management to discuss matters such as the Group's financial performance, corporate governance and risk management initiatives, Board processes and any internal audit observations. Thereafter, they provide feedback to the Executive Chairman after such meetings, if needed.

CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Principle 3: There is a clear division of responsibilities between the leadership of the Board and Management, and no one individual has unfettered powers of decision-making.

Provision 3.1

The Chairman and the Chief Executive Officer ("CEO") are separate persons to ensure an appropriate balance of power, increased accountability, and greater capacity of the Board for independent decision making.

Mr Ong Pang Aik currently assumes the roles of both the Chairman and Managing Director of the Company.

Taking into account the current corporate structure and the scope of the Company's operations, the roles of the Chairman and Managing Director are not separated as the Board is of the view that there is adequate accountability and transparency within the Group. The Board is also of the view that there are sufficient safeguards and checks to ensure that the process of decision making by the Board is based on collective decisions without any individual or group of individuals exercising any considerable concentration of power or influence.

Provision 3.2

The Board establishes and sets out in writing the division of responsibilities between the Chairman and the CEO.

Mr Ong Pang Aik currently assumes the roles of both the Chairman and Managing Director of the Company and among other responsibilities, he is responsible for:

- a. Leading the Board to ensure its effectiveness on all aspects of its role and set its agenda;
- b. Ensuring that the Directors receive complete, adequate and timely information;
- c. Ensuring effective communication with shareholders;
- d. Encouraging constructive relations between the Board and management;
- e. Facilitating the effective contribution of Non-Executive Directors;
- f. Encouraging constructive relations within the Board and between the Board and management;
- g. Promoting a culture of openness and debate at the Board; and
- h. Promoting high standards of corporate governance.

CORPORATE GOVERNANCE REPORT

Provision 3.3

The Board has a lead independent director to provide leadership in situations where the Chairman is conflicted, and especially when the Chairman is not independent.

The lead independent director is available to shareholders where they have concerns and for which contact through the normal channels of communication with the Chairman or Management are inappropriate or inadequate.

The Board concurs with the NC that as the size of the Board is relatively small with only 7 members of whom 4 are Independent Directors, there would not be a need for a Lead Independent Director. The Independent Directors collectively are and have been available to shareholders as a channel of communication between shareholders and the Board or Management. The Independent Directors meet or communicate periodically without the presence of the other Directors and collectively provide feedback to the Chairman on matters arising from such meetings.

During FY2022, the Independent Directors have met at least once in the absence of the Management.

BOARD MEMBERSHIP

Principle 4: The Board has a formal and transparent process for the appointment and re-appointment of directors, taking into account the need for progressive renewal of the Board.

Provision 4.1

The Board establishes a Nominating Committee ("NC") to make recommendations to the Board on relevant matters relating to:

- (a) the review of succession plans for directors, in particular the appointment and/or replacement of the Chairman, the CEO and key management personnel;
- (b) the process and criteria for evaluation of the performance of the Board, its board committees and directors;
- (c) the review of training and professional development programmes for the Board and its directors; and
- (d) the appointment and re-appointment of directors (including alternate directors, if any).

The NC, which has written terms of reference, was established to make recommendations to the Board on all board and executive officer appointments. The NC's responsibilities include the following:

- a. Annual review of skills required by the Board, and the size of the Board;
- b. Reviewing and determining the independence of each Director to ensure that the Board comprises at least half Independent Directors;
- c. Reviewing and evaluating a Director's ability and adequacy in carrying out his/her role as Director of the Company, particularly when he/she has multiple board representations;
- d. Re-nomination of Directors, giving due regard to each Director's contribution and performance including, if applicable, as an Independent Director;
- e. Assessing the effectiveness of the Board as a whole, and as well as each Director's contribution to the effectiveness of the Board;
- f. Deciding how the Board's performance may be evaluated and proposing objective performance criteria; and
- g. To make plans for succession, in particular for the Chairman of the Board and Managing Director.

Provision 4.2

The NC comprises at least three directors, all of whom, including the NC Chairman, are independent. The lead independent director, if any, is a member of the NC.

As at the date of this report, the members of NC are:

Mr Low Beng Tin (Chairman, Independent Director)
Mr Ko Chuan Aun (Member, Independent Director)
Mr Ang Chun Giap (Member, Independent Director)
Dr Tan Khee Giap (Member, Independent Director)

Provision 4.3

The Company discloses the process for the selection, appointment and re-appointment of directors to the Board, including the criteria used to identify and evaluate potential new directors and channels used in searching for appropriate candidates in the Company's annual report.

The Directors submit themselves for re-nomination and re-election at least once every three years. Newly appointed Directors will submit themselves for re-election at the next Annual General Meeting ("**AGM**") of the Company following their appointment.

In the nomination and selection process, the NC identifies the candidates and reviews the nominations for the appointments based on the following criteria:

- (i) at least majority of Directors shall be Independent Directors, where Chairman is not independent; and
- (ii) the candidate shall be a fit and proper person to hold such office, and the most qualified candidate nominated for the office, taking into account the candidate's track record, experience, capabilities and other relevant factors.

Each member of the NC shall abstain from voting on any resolutions and making any recommendations and/ or participating in respect of the assessment of his/her performance and independence or re-nomination as Director, and all matters in which he/she has an interest.

When an existing Director chooses to retire or the need for a new Director arises, either to replace a retiring Director or to enhance the Board's strength, the NC, in consultation with the Board, determines the selection criteria and identifies candidates with the appropriate expertise and experience for the appointment as new Director. Candidates may be suggested by Directors or Management or sourced from external sources. The NC will interview the shortlisted candidates and assess them based on objective criteria approved by the Board such as integrity, independent mindedness, possession of the relevant skills required or skills needed to complement the existing Board members, ability to commit the time and effort to carry out his/her responsibilities, good decision-making track record, relevant experience and financial expertise. The NC then nominates the most suitable candidate to the Board for approval.

Pursuant to Regulation 101 of the Company's Constitution, at least one third (1/3) of the Board is to retire by rotation and subject themselves to re-election by shareholders at every AGM. The NC will assess and evaluate whether Directors retiring at each AGM are properly qualified for re-appointment by virtue of their skills, experience and contributions. The NC recommended to the Board that Mr Ong Pang Aik, Ms Ong Lay Huan, and Dr Tan Khee Giap be nominated for re-election under Regulation 101 of the Company's Constitution for approval by the shareholders at the forthcoming AGM of the Company.

Mr Ong Pang Aik will, upon re-election as a Director of the Company, continue to serve as the Chairman and Managing Director of the Company.

Ms Ong Lay Huan will, upon re-election as a Director of the Company, continue to serve as Executive Director of the Company.

Dr Tan Khee Giap will, upon re-election as a Director of the Company, continue to serve as Independent Director of the Company, and member of Audit, Nominating and Remuneration Committees. He is considered by the Board to be independent for the purpose of Rule 704(8) of the Listing Manual of the SGX-ST.

Please refer to pages 194 to 203 of this Annual Report for further information on Mr Ong Pang Aik, Ms Ong Lay Huan and Dr Tan Khee Giap required pursuant to Rule 720(6) of the Listing Manual of the SGX-ST.

In making the recommendations, the NC had considered the Directors' overall contributions and performance.

Each member of the NC has abstained from making any recommendation and/or participating in any deliberations of the NC in respect of the assessment of his/her own performance or re-election as a Director of the Company.

Provision 4.4

The NC determines annually, and as and when circumstances require, if a director is independent, having regard to the circumstances set forth in Provision 2.1. Directors disclose their relationships with the Company, its related corporations, its substantial shareholders or its officers, if any, which may affect their independence, to the Board. If the Board, having taken into account the views of the NC, determines that such directors are independent notwithstanding the existence of such relationships, the Company discloses the relationships and its reasons in its annual report.

The NC meets at least once a year. Please refer to the disclosure in Provision 2.1 in relation to the NC's review of Director's independence.

Provision 4.5

The NC ensures that new directors are aware of their duties and obligations. The NC also decides if a director is able to and has been adequately carrying out his or her duties as a director of the Company. The Company discloses in its annual report the listed company directorships and principal commitments of each director, and where a director holds a significant number of such directorships and commitments, it provides the NC's and Board's reasoned assessment of the ability of the director to diligently discharge his or her duties.

A Director who has no prior experience as a director of an issuer listed on the SGX-ST is required to undergo training in the roles and responsibilities of director of a listed issuer as prescribed by the SGX-ST within 1 year from his/her appointment. In addition, the responsibilities of a Director are clearly delineated in his/her appointment letter or service agreement (as the case may be).

All Directors declare their board memberships and principal commitments as and when practicable.

At as the date of this Annual Report, the dates of initial appointment and re-election of the current Directors together with their directorships in other listed companies are set out below:

| Name of Director | Date of Initial Appointment | Date of Last Re-Election | Directorships in Othe | r Listed Companies |

Further details of the Directors, including their principal commitments, are provided under the Board of Directors section set out on pages 8 to 11 of this Annual Report.

BOARD PERFORMANCE

Principle 5: The Board undertakes a formal annual assessment of its effectiveness as a whole, and that of each of its board committees and individual directors.

Provision 5.1

The NC recommends for the Board's approval the objective performance criteria and process for the evaluation of the effectiveness of the Board as a whole, and of each board committee separately, as well as the contribution by the Chairman and each individual director to the Board.

The NC decides on how the Board's and its Board Committees' performance and individual Directors' contributions are to be evaluated and to propose objective performance criteria, subject to the Board's approval, which address how the Directors have enhanced long-term shareholders' value. The Board has also implemented a process to be carried out by the NC for assessing the effectiveness of the Board as a whole and the Board Committees, and for assessing the contribution from each individual Director to the effectiveness of the Board. Each member of the NC shall abstain from voting on any resolution in respect of the assessment of his/her performance or re-nomination as a Director.

In evaluating the Board's and the Board Committees' performance, the NC considers a set of quantitative and qualitative performance criteria that has been approved by the Board. The performance criteria for the Board and Board Committee's evaluation are in respect of:

- a. Board size and composition;
- b. Board processes;
- c. Board information and accountability; and
- d. Board Committee performance in relation to discharging their responsibilities set out in their respective terms of reference.

The individual Director's performance criterions are in relation to the Director's:

- a. Industry knowledge and/or functional expertise;
- b. Contribution and workload requirements;
- c. Sense of independence; and
- Attendance at board and committee meetings.

Provision 5.2

The Company discloses in its annual report how the assessments of the Board, its board committees and each director have been conducted, including the identity of any external facilitator and its connection, if any, with the Company or any of its directors.

During FY2022, all Directors are requested to complete a board evaluation questionnaire designed to seek their view on various aspects of the Board as a whole, its Board Committees' and Individual Director's performance as described above. The Chairman, in consultation with the NC, acted on the results of the performance evaluations. Where appropriate, the Chairman will propose new members to be appointed to the Board or seek the resignation of Directors.

The NC has assessed the current Board and its Board Committees' performance to-date and individual Director's contributions, and is of the view that the performance of the Board as a whole was satisfactory, the Board Committees operate effectively and each Director is contributing to the overall effectiveness of the Board. Accordingly, the Board has met its performance objectives for FY2022.

No external facilitator was engaged for the evaluation process for FY2022.

REMUNERATION MATTERS

PROCEDURES FOR DEVELOPING REMUNERATION POLICIES

Principle 6: The Board has a formal and transparent procedure for developing policies on director and executive remuneration, and for fixing the remuneration packages of individual directors and key management personnel. No director is involved in deciding his or her own remuneration.

Provision 6.1

The Board establishes a Remuneration Committee ("RC") to review and make recommendations to the Board on:

- (a) a framework of remuneration for the Board and key management personnel; and
- (b) the specific remuneration packages for each director as well as for the key management personnel.

The RC currently comprises 4 Directors, all of whom are Independent and Non-Executive Directors:

| Mr Ko Chuan Aun | (Chairman, Independent Director) |
|------------------|----------------------------------|
| Mr Low Beng Tin | (Member, Independent Director) |
| Mr Ang Chun Giap | (Member, Independent Director) |
| Dr Tan Khee Giap | (Member, Independent Director) |

The RC met one time during the financial year under review.

Members of the RC carry out their duties in accordance with the terms of reference, which include the following:

- a. Recommending to the Board on the framework of remuneration policies for Directors and senior management;
- b. Reviewing and approving specific remuneration packages for each Director and the Chairman, including Director's fees, salaries, allowances, bonuses, options and benefits-in-kind; and
- c. Reviewing the remuneration of senior management.

The RC's recommendations are submitted for endorsement by the entire Board. No Director is involved in deciding his/her own remuneration. Each member of the RC shall abstain from voting on any recommendation and/or participating in respect of matters in which he has an interest.

Provision 6.2

The RC comprises at least three directors. All members of the RC are non-executive directors, the majority of whom, including the RC Chairman, are independent.

As at the date of this report, the members of RC are:

| Mr Ko Chuan Aun | (Chairman, Independent Director) |
|------------------|----------------------------------|
| Mr Low Beng Tin | (Member, Independent Director) |
| Mr Ang Chun Giap | (Member, Independent Director) |
| Dr Tan Khee Giap | (Member, Independent Director) |

Provision 6.3

The RC considers all aspects of remuneration, including termination terms, to ensure they are fair.

The RC considers all aspects of remuneration, including termination terms, to ensure they are fair. Please refer to the disclosure in Provision 7.1 for remuneration aspects.

The RC will also review the Group's obligations arising in the event of termination of Executive Directors' or key management personnels' contracts of service, to ensure that such contracts of service contain fair and reasonable termination clauses which are not overly generous.

Provision 6.4

The Company discloses the engagement of any remuneration consultants and their independence in the Company's annual report.

For FY2022, the Company did not engage any remuneration consultant. The RC has full authority to obtain any external professional advice on matters relating to remuneration, as and when the need arises.

LEVEL AND MIX OF REMUNERATION

Principle 7: The level and structure of remuneration of the Board and key management personnel are appropriate and proportionate to the sustained performance and value creation of the Company, taking into account the strategic objectives of the Company.

Provision 7.1

A significant and appropriate proportion of executive directors' and key management personnel's remuneration is structured so as to link rewards to corporate and individual performance. Performance-related remuneration is aligned with the interests of shareholders and other stakeholders and promotes the long term success of the Company.

The Company adopts a remuneration policy, which comprises fixed and variable components. The fixed and variable components comprise a base salary, variable bonus and/or profit sharing. In setting remuneration packages, the Company takes into account the Group's relative performance and the performance of individual Directors. The pay and employment conditions within the same industry and in comparable companies are also given due consideration.

The review of the remuneration of the executive officers takes into consideration the performance and the contributions of the officer to the Company and gives due regard to the financial and business performance of the Group. The Group seeks to offer a competitive level of remuneration to attract, motivate and retain senior management of the required competency to run the Group successfully. The RC has full authority to obtain any external professional advice on matters relating to remuneration, as and when the need arises, at the expense of the Company.

The Company has entered into separate service agreements with Mr Ong Pang Aik, Ms Ong Lay Huan and Ms Ong Lay Koon, effective from 1 June 2015, each of which is valid for an initial three-year period and subject to automatic renewal every 3 years. The service agreement does not contain any onerous removal clauses. Notice periods are three months in the service agreements for Executive Directors.

Provision 7.2

The remuneration of non-executive directors is appropriate to the level of contribution, taking into account factors such as effort, time spent, and responsibilities.

The Independent Directors do not have service agreements with the Company. They are paid Directors' fees, which are determined by the Board according to the level of contribution, and taking into account factors such as the effort and time spent, and their respective responsibilities. The fees are subject to approval by the shareholders at each AGM of the Company. Except as disclosed, the Independent Directors do not receive any other forms of remuneration from the Company.

Provision 7.3

Remuneration is appropriate to attract, retain and motivate the directors to provide good stewardship of the Company and key management personnel to successfully manage the Company for the long term.

The RC is of the view that the remuneration is appropriate to attract, retain and motivate the Directors and key management personnel to successfully manage the Company for the long term given the low attrition rate of Directors and key management personnel.

DISCLOSURE ON REMUNERATION

Principle 8: The Company is transparent on its remuneration policies, level and mix of remuneration, the procedure for setting remuneration, and the relationships between remuneration, performance and value creation.

Provision 8.1

The Company discloses in its annual report the policy and criteria for setting remuneration, as well as names, amounts and breakdown of remuneration of:

- (a) each individual director and the CEO; and
- (b) at least the top five key management personnel (who are not directors or the CEO) in bands no wider than S\$250,000 and in aggregate the total remuneration paid to these key management personnel.

The Board has not included a separate annual remuneration report in its annual report for the current financial year as it is of view that the matters, which are required to be disclosed in the annual remuneration report, have already been sufficiently disclosed in this Corporate Governance Report and in the financial statements of the Company.

The Company does not have any employee share option scheme or other long-term employee incentive scheme.

The disclosure of specific competitive considerations and the reasons may affect the retention or recruitment of competent personnel in a highly competitive business environment the Company operates in as well as the competitive pressures in the talent market.

The Board is of the opinion that due to confidentiality and sensitivity issues attached to remuneration matters, it would not be in the best interests of the Company to disclose the remuneration of each individual Director to the nearest thousand as recommended by the Code. The RC has also reviewed the practice of the industry and considered the pros and cons of such disclosures.

A breakdown, showing the level and mix of each individual Director's remuneration for the financial year ended 31 May 2022 is as follows:

| Remuneration Band | Name | Salary and CPF (%) | Bonus & Profit Sharing (%) | Other Benefits and Allowances (%) | Directors' Fees (%) | Total (%) |
|-----------------------------|---------------|--------------------------|-------------------------------------|-----------------------------------|---------------------------|--------------|
| S\$3,000,001 - S\$3,250,000 | Ong Pang Aik | 21 | 75 | 4 | - | 100 |
| S\$2,000,001 - S\$2,250,000 | Ong Lay Koon | 23 | 67 | 4 | 6 ⁽¹⁾ | 100 |
| S\$1,750,001 – S\$2,000,000 | Ong Lay Huan | 28 | 68 | 4 | _ | 100 |
| Below S\$250,000 | Low Beng Tin | _ | _ | _ | 100 | 100 |
| Below S\$250,000 | Ko Chuan Aun | _ | _ | _ | 100 | 100 |
| Below S\$250,000 | Ang Chun Giap | _ | _ | _ | 100 | 100 |
| Below S\$250,000 | Tan Khee Giap | _ | _ | _ | 100 | 100 |

⁽¹⁾ relates to director's fee received from the Company's subsidiary, SLB Development Ltd. ("**SLB**"), which was approved at the Annual General Meeting of SLB held on 28 September 2021.

The remuneration of the top eight key executives comprises of fixed and variable components. Fixed component is in the form of fixed monthly salary whereas variable component is linked to the performance of the Group's businesses and individual performance. For the remuneration of the key executives of the property development segment, please refer to SLB Development Ltd.'s 2022 Annual Report.

The remuneration for FY2022 of the top eight key executives are as follows:

| Remuneration Band | No. of key executive |
|-------------------------|----------------------|
| S\$500,001 - S\$750,000 | 1 |
| S\$250,001 - S\$500,000 | 5 |
| Below S\$250,000 | 2 |

In view of the market competition and information sensitivity, the Board is of the opinion that disclosure of the remuneration of top eight key executives in remuneration bands of S\$250,000 would not be in the interest of the Company.

The Board is of the opinion that disclosure of the remuneration of top eight key executives in remuneration bands of S\$250,000 may affect the retention or recruitment of competent personnel in a highly competitive business environment the Company operates in as well as the competitive pressures in the talent market due to limited talent pool. The Company needs to maintain stability and business continuity and any attrition in the key management personnel team would not benefit the Company. Accordingly, due to confidentiality and sensitivity issues attached to remuneration matters, especially in the case where the key management team is small, it would not be in the best interests of the Company to disclose the remuneration of top eight key executives in remuneration bands of S\$250,000 as recommended by the Code.

For FY2022, the total remuneration paid to the top eight key executives (who are not Directors or the CEO) of the Company was \$\$3,027,000.

Provision 8.2

The Company discloses the names and remuneration of employees who are substantial shareholders of the Company, or are immediate family members of a director, the CEO or a substantial shareholder of the Company, and whose remuneration exceeds \$\$100,000 during the year, in bands no wider than \$\$100,000, in its annual report. The disclosure states clearly the employee's relationship with the relevant director or the CEO or substantial shareholder.

Ms Ong Sui Hui is the daughter of Mr Ong Pang Aik and niece of Ms Ong Lay Huan and Ms Ong Lay Koon, and Mr Ong Eng Keong, is the son of Mr Ong Pang Aik and nephew of Ms Ong Lay Huan and Ms Ong Lay Koon. Ms Ong Lee Yap, Mr Ong Phang Hoo and Mr Ong Phang Hui, are the siblings of Mr Ong Pang Aik, Ms Ong Lay Huan and Ms Ong Lay Koon. The remuneration of Ms Ong Sui Hui, Mr Ong Eng Keong, Ms Ong Lee Yap, Mr Ong Phang Hoo and Mr Ong Phang Hui exceed S\$100,000 for FY2022. However, the Board is of the opinion that the remuneration details of Ms Ong Sui Hui, Mr Ong Eng Keong, Ms Ong Lee Yap, Mr Ong Phang Hoo and Mr Ong Phang Hui are confidential and disclosure of their remuneration in the bands of S\$100,000 would not be in the interest of the Company.

The Board is of the opinion that disclosure of their remuneration in bands of \$\$100,000 may affect the retention or recruitment of them in a highly competitive business environment the Company operates in as well as the competitive pressures in the talent market due to limited talent pool. The Company needs to maintain stability and business continuity and any attrition of the above-mentioned persons would not benefit the Company. Accordingly, due to confidentiality and sensitivity issues attached to their remuneration matters, especially in the case where the key management team is small, it would not be in the best interests of the Company to disclose their remuneration in the bands of \$\$100,000 as recommended by the Code.

Ms Ong Lee Yap, Mr Ong Phang Hoo and Mr Ong Phang Hui are within the top eight key management personnel of the Company.

Save as disclosed above, there were no other employees who were immediate family members of any Director or the Managing Director or substantial shareholder, whose remuneration for FY2022 exceeds S\$100,000. There are no termination, retirement or any post-employment benefits to Directors and key officers.

Provision 8.3

The Company discloses in its annual report all forms of remuneration and other payments and benefits, paid by the Company and its subsidiaries to directors and key management personnel of the Company. It also discloses details of employee share schemes.

Please refer to the disclosure in Provision 8.1 for the remuneration details of Directors and key management personnel of the Company.

The Company does not have any employee share option scheme or other long-term employee incentive scheme.

ACCOUNTABILITY AND AUDIT

RISK MANAGEMENT AND INTERNAL CONTROLS

Principle 9: The Board is responsible for the governance of risk and ensures that Management maintains a sound system of risk management and internal controls, to safeguard the interests of the Company and its shareholders.

Provision 9.1

The Board determines the nature and extent of the significant risks which the Company is willing to take in achieving its strategic objectives and value creation. The Board sets up a Board Risk Committee to specifically address this, if appropriate.

The Board believes that the system of risk management and internal controls maintained by the Management provides reasonable assurance against material financial misstatements or loss, safeguard the assets, maintenance of proper accounting records to ensure the reliability of financial information, compliance with appropriate legislations, regulations and best practices and the identification and management of business and strategic risks.

The Board has put in place a risk governance and internal control framework manual to define the strategic objectives and determine the risk appetite, tolerance and risk mitigation measures to address potential impediments to achieving these business strategies. The internal and external auditors conduct reviews of the adequacy and effectiveness of the material internal controls (including financial, operational, compliance and IT controls) and risk management systems. This includes testing, where practicable, material internal controls in areas managed by external service providers. Any material non-compliance or lapses in internal controls together with corrective measures recommended by the internal and external auditors are reported to and reviewed by the AC, to which the Board has delegated the responsibility of reviewing the Company's risk management and controls framework. The AC also reviews the adequacy and effectiveness of the measures taken by Management on the recommendations made by the internal and external auditors in this respect.

In view that the AC's terms of reference and scope of review includes the review of the risk management and controls framework as described above, the Board has approved the renaming of the AC to the Audit & Risk Committee with effect from FY2023, to better reflect the role and responsibilities of the AC.

The Board will continue to update the risk governance and internal control framework and re-assess the business risks on an ongoing basis. This ensures that the pertinent risks are properly addressed and the internal controls remain relevant and effective to address the Group's risk exposures.

The Group has also maintained a proper enterprise risk management programme which is in line with ISO: 31000, an internationally accepted risk management standard and COSO (2017 Enterprise Risk Management - Integrated Framework). This allows the Board to be apprised of the key strategic, operational, information technology and compliance risks.

Based on the internal controls established and maintained by the Group, work performed by the internal and external auditors, reviews performed by the Management and various Board Committees and the Assurances (defined below) received, the Board, with the concurrence of the AC, is of the opinion that the Group's internal controls addressing the financial, operational, compliance and information technology controls risks, and risk management systems of the Company were adequate and effective as at 31 May 2022.

The Board notes that the systems of risk management and internal controls established by Management provide reasonable assurance that the Group, as it strives to achieve its business objectives, and will not be significantly affected by any event that can be reasonably foreseen or anticipated. However, the Board also notes that no system of risk management and internal controls can provide absolute assurance in this regard, or absolute assurance against poor judgement in decision-making, human error, losses, fraud or other irregularities.

Provision 9.2

The Board requires and discloses in the Company's annual report that it has received assurance from:

- (a) the CEO and the Chief Financial Officer ("CFO") that the financial records have been properly maintained and the financial statements give a true and fair view of the Company's operations and finances; and
- (b) the CEO and other key management personnel who are responsible, regarding the adequacy and effectiveness of the Company's risk management and internal control systems.

The Board has received the relevant assurances ("Assurances") from:

- (a) the Chairman and Managing Director and the Group Financial Controller that the financial records have been properly maintained and the financial statements for the financial year ended 31 May 2022 give a true and fair view of the Group's operations and finances; and
- (b) the Chairman and Managing Director and other key management personnel who are responsible for the Group's risk management and internal control systems that, as at 31 May 2022, the Group's risk management and internal control systems were adequate and effective to address financial, operational, compliance and information technology risks which the Group considers relevant and material to its operations.

AUDIT COMMITTEE

Principle 10: The Board has an Audit Committee ("AC") which discharges its duties objectively.

Provision 10.1

The duties of the AC include:

- (a) reviewing the significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Company and any announcements relating to the Company's financial performance;
- (b) reviewing at least annually the adequacy and effectiveness of the Company's internal controls and risk management systems;
- (c) reviewing the assurance from the CEO and the CFO on the financial records and financial statements;
- (d) making recommendations to the Board on: (i) the proposals to the shareholders on the appointment and removal of external auditors; and (ii) the remuneration and terms of engagement of the external auditors;
- (e) reviewing the adequacy, effectiveness, independence, scope and results of the external audit and the Company's internal audit function; and
- (f) reviewing the policy and arrangements for concerns about possible improprieties in financial reporting or other matters to be safely raised, independently investigated and appropriately followed up on. The Company publicly discloses, and clearly communicates to employees, the existence of a whistle-blowing policy and procedures for raising such concerns.

The AC currently comprises of 4 Directors, all of whom are Independent and Non-Executive Directors:

Mr Low Beng Tin (Chairman, Independent Director)
Mr Ko Chuan Aun (Member, Independent Director)
Mr Ang Chun Giap (Member, Independent Director)
Dr Tan Khee Giap (Member, Independent Director)

The AC has explicit authority to investigate all matters within its terms of reference, full access to and cooperation by Management, full discretion to invite any Director or key executive officer to attend its meetings, and reasonable resources to enable it to discharge its functions properly.

The AC convened two (2) meetings during the year. The AC has also met with the external auditors, without the presence of the Company's Management at least once a year.

The key function of AC, which has written terms of reference, is to:

- a. Review the scope and results of the external audit and its cost effectiveness, and the independence and objectivity of the external auditors;
- b. Review the nature and extent of non-audit services provided by the external auditors and its cost effectiveness;
- c. Review significant financial reporting issues and judgements so as to ensure the integrity of the financial statements of the Company and any formal announcements relating to the Company's financial performance;
- d. Review and report to the Board at least annually the adequacy and effectiveness of the Company's internal controls, including financial, operational, compliance and information technology controls and the risk management systems;
- e. Review whether the Company's internal audit function is independent, effective and adequately resourced;
- f. Make recommendations to the Board on the appointment, re-appointment and removal of the external auditors, and approve the remuneration and terms of engagement of the external auditors;
- g. Review interested person transactions (if any) falling within the scope of Chapter 9 of the Listing Manual of SGX-ST;
- h. Review the framework for staff to raise concerns about possible improprieties in matters of financial reporting or other matters in confidence, and that there is independent investigation of such matters and appropriate follow-up action; and
- i. Review the audit plans and reports of the internal auditors and ensure the adequacy and effectiveness of the Company's system of internal controls.

The AC meets with the external and internal auditors, without the presence of Management, at least once annually, to review the adequacy of audit arrangements, with emphasis on the scope and quality of their audit, and the independence, objectivity and observations of the auditors. The AC has reasonable resources to enable it to discharge its functions properly. The AC has met with the external and internal auditors, without the presence of Management during FY2022. The external auditors present to the AC the audit plan and updates relating to any change of accounting standards which have a direct impact on financial statements during the AC meetings.

The aggregate amount of fees paid or payable to the external auditors of the Company, broken down into audit and non-audit services during FY2022 are as follows:

 Audit fees
 :
 \$\$704,000
 (FY2021: \$\$686,000)

 Non-audit fees
 :
 \$\$301,000
 (FY2021: \$\$277,000)

 Total audit and non-audit fees
 :
 \$\$1,005,000
 (FY2021: \$\$963,000)

The AC reviews the independence of the external auditors annually. The AC, having reviewed all non-audit services provided by the external auditors to the Group, is satisfied that the nature and extent of such services do not affect the independence of the external auditors and has recommended to the Board for the re-appointment of Messrs Ernst & Young LLP as the external auditors of the Company at the forthcoming AGM.

The external auditors present to the AC the audit plan and also relevant updates relating to any change in accounting standards which have a direct impact on the financial statements before commencing audit.

The Company is in compliance with Rules 712 and 715 of the Listing Manual of the SGX-ST in relation to its external auditors.

In addition, the AC is given the task to commission investigations into matters where there is suspected fraud or irregularity, or failure of internal controls or infringement of any laws, rules or regulations, which has or is likely to have a material impact on the Company's operating results or financial position, and to review the findings thereof.

Key Audit Matters

The AC discussed with Management and the external auditors on significant issues and assumptions that impact the financial statements. The most significant matters have also been included in the Independent Auditor's Report to the members of the Company under Key Audit Matters ("KAM"). Based on its review as well as discussion with Management and the external auditors, the AC is satisfied that those matters, including the KAM, have been properly dealt with.

Whistle-blowing Policy

The AC has put in place a whistle-blowing policy, whereby employees of the Group and external parties, may in confidence, raise concerns about possible improper financial reporting or other matters to Mr Low Beng Tin, the AC Chairman via email at whistleblowing@lianbenggroup.com.sg. The objective for such arrangement is to ensure independent investigations of such matters and for appropriate follow-up actions.

The Company's whistle-blowing policy provides assurance that the identity of the whistle-blower will be kept confidential and the whistle-blower will be protected from retaliation for whistle-blowing in good faith. The whistle-blowing policy and procedures are reviewed by the AC from time to time to ensure that they remain relevant. The AC is responsible for oversight and monitoring of whistle-blowing reports and no such whistle-blowing report or complaint was received in FY2022.

Provision 10.2

The AC comprises at least three directors, all of whom are non-executive and the majority of whom, including the AC Chairman, are independent. At least two members, including the AC Chairman, have recent and relevant accounting or related financial management expertise or experience.

As at the date of this report, the members of AC are:

Mr Low Beng Tin (Chairman, Independent Director)
Mr Ko Chuan Aun (Member, Independent Director)
Mr Ang Chun Giap (Member, Independent Director)
Dr Tan Khee Giap (Member, Independent Director)

The Board is of the view that the AC has the necessary experience and expertise required to discharge its duties. At least 2 members of the AC, including the AC Chairman, possess the requisite accounting and related financial management expertise and experience.

Provision 10.3

The AC does not comprise former partners or directors of the Company's existing auditing firm or auditing corporation: (a) within a period of two years commencing on the date of their ceasing to be a partner of the auditing firm or director of the auditing corporation; and in any case, (b) for as long as they have any financial interest in the auditing firm or auditing corporation.

None of the AC members were previous partners or directors of the Company's existing auditors.

Provision 10.4

The primary reporting line of the internal audit function is to the AC, which also decides on the appointment, termination and remuneration of the head of the internal audit function. The internal audit function has unfettered access to all the Company's documents, records, properties and personnel, including the AC, and has appropriate standing within the Company.

The AC is aware of the need to establish a system of internal controls within the Group to safeguard shareholders' interests and the Group's assets, and to manage risks. The system is intended to provide reasonable but not absolute assurance against material misstatements or loss, and to safeguard assets and ensure maintenance of proper accounting records, reliability of financial information, compliance with appropriate legislations, regulations and best practices, and the identification and containment of business risks.

In order to provide adequate assurance over the internal controls, the Group has appointed RSM Risk Advisory Pte. Ltd. ("RSM") as the internal auditors to perform the independent internal audit function. RSM is a corporate member of the Institute of Internal Auditors ("IIA") and is staffed with professionals with relevant qualifications and experience. The professional qualifications include Certified Internal Auditor, Certified Risk Management Assurance, Certified Information Systems Auditors, Chartered Accountant of Singapore and Certified Practicing Accountant Australia. The internal auditors consist of members with the relevant experience in industries in which the Group operates. The internal audit work carried out is guided by the International Standards for the Professional Practice of Internal Auditing by IIA. The internal auditors plan the scope of review in consultation with, but independent of, management and submitted the audit plan to the AC for approval. The internal auditors report their findings based on the scope of review directly to the AC and administratively to the Executive Directors. The internal auditors have unfettered access to all the Group's documents, records, properties and personnel, including access to the AC.

The AC has reviewed with the internal auditors their risk-based internal audit plan and their evaluation of the system of internal controls, their audit findings and the Management's responses to address the findings; the adequacy and the effectiveness of material internal controls, including financial, operational and compliance controls and overall risk management of the Company and the Group for FY2022. The AC is satisfied that the internal auditor is adequately qualified, resourced and has the appropriate standing within the Group to discharge its duties effectively.

Provision 10.5

The AC meets with the external auditors, and with the internal auditors, in each case without the presence of Management, at least annually.

The AC meets from time to time with the Group's external auditors and internal auditors, in each case without the presence of the Management, at least once a year, so that any concern and/or issue can be raised directly and privately.

SHAREHOLDER RIGHTS AND ENGAGEMENT

SHAREHOLDER RIGHTS AND CONDUCT OF GENERAL MEETINGS

Principle 11: The Company treats all shareholders fairly and equitably in order to enable them to exercise shareholders' rights and have the opportunity to communicate their views on matters affecting the Company. The Company gives shareholders a balanced and understandable assessment of its performance, position and prospects.

Provision 11.1

The Company provides shareholders with the opportunity to participate effectively in and vote at general meetings of shareholders and informs them of the rules governing general meetings of shareholders.

The Company recognizes and accepts the principle that all shareholders are treated fairly and equitably and that they have been accorded certain rights under the Companies Act and the Company's Constitution. Information to all shareholders is disclosed to in a timely and transparent manner and in compliance with SGX disclosure requirements.

Shareholders are given opportunity to attend, participate and vote at the Company's general meetings.

The Board is mindful of the obligation to provide regular, effective and fair communication with shareholders. Information is communicated to the shareholders on a timely basis. Where inadvertent disclosure has been made to a select group, the Company will make the same disclosure publicly to all others as soon as practicable. The Board provides shareholders with an assessment of the Company's performance, position and prospects on a half yearly basis via the half-yearly announcements of results; and other ad hoc announcements as required by the SGX-ST. The Company's latest Annual Report is accessible via the Company's website and SGXNet.

While the AGM of the Company is a principal forum for dialogue and interaction with all shareholders, the Company will consider use of other forums such as analyst briefings as and when applicable.

Provision 11.2

The Company tables separate resolutions at general meetings of shareholders on each substantially separate issue unless the issues are interdependent and linked so as to form one significant proposal. Where the resolutions are "bundled", the Company explains the reasons and material implications in the notice of meeting.

Separate resolutions are proposed at general meetings of shareholders on each substantially separate issues. "Bundling" of resolutions are done only where the resolutions are interdependent and linked so as to form one significant proposal. All resolutions at general meetings are put to vote by poll, and their detailed results will be announced via SGXNet after the conclusion of the general meeting.

Provision 11.3

All directors attend general meetings of shareholders, and the external auditors are also present to address shareholders' queries about the conduct of audit and the preparation and content of the auditors' report. Directors' attendance at such meetings held during the financial year is disclosed in the Company's annual report.

All Directors, including the Chairman of the Board and the respective Chairmen of the AC, RC and NC are usually present at the general meetings to answer queries raised by shareholders.

The external auditors are also present at the AGMs to address any relevant queries by shareholders about the conduct of the audit and the preparation and content of the auditors' report. All the Directors and the external auditors attended the previous year's AGM.

Provision 11.4

The Company's Constitution (or other constitutive documents) allow for absentia voting at general meetings of shareholders.

The Constitution allows each Shareholder to appoint up to 2 proxies to vote and attend general meetings on his behalf. Corporate shareholders of the Company who provide nominee or custodial services to third parties are allowed to appoint more than 2 proxies to attend and vote on their behalf at general meetings. The Company does not intend to implement absentia-voting methods such as email, fax or mail until security, integrity and other pertinent issues are satisfactorily resolved.

Provision 11.5

The Company publishes minutes of general meetings of shareholders on its corporate website as soon as practicable. The minutes record substantial and relevant comments or queries from shareholders relating to the agenda of the general meeting, and responses from the Board and Management.

The Company publishes minutes of general meetings of shareholders on its corporate website as soon as practicable and the minutes of general meetings record substantial and relevant comments or queries from shareholders relating to the agenda of the general meeting and responses from the Board and or Management.

Provision 11.6

The Company has a dividend policy and communicates it to shareholders.

The Company does not have a formal dividend policy at present. The form, frequency and amount of dividends will depend on the Group's earnings, financial position, results of operations, cash flow, capital requirement, plans for expansion and other factors which the Directors may deem appropriate. For FY2022, the Board has recommended final (tax exempt one-tier) dividend of 2.0 Singapore cents per ordinary share, subject to shareholders' approval at the forthcoming AGM on 28 September 2022. If approved, the dividend will be paid on 14 October 2022.

ENGAGEMENT WITH SHAREHOLDERS

Principle 12: The Company communicates regularly with its shareholders and facilitates the participation of shareholders during general meetings and other dialogues to allow shareholders to communicate their views on various matters affecting the Company.

Provision 12.1

The Company provides avenues for communication between the Board and all shareholders, and discloses in its annual report the steps taken to solicit and understand the views of shareholders.

The Board welcomes the view of shareholders on matters affecting the Company, whether at shareholders' meetings or on an ad hoc basis. Shareholders are informed of shareholders' meetings through notices published in the newspapers and reports or circulars sent to all shareholders.

Each item of special business included in the notice of AGM will be accompanied by explanatory notes as may be required. Separate resolutions are proposed for each substantially separate issue at shareholders' meetings.

The AGM is the principal forum for dialogue and interaction with all Shareholders. Shareholders are encouraged to attend, participate and vote at the AGM to ensure a high level of accountability on the part of the Board and the Management, and to stay informed of the Group's performance, strategies and growth plans.

The Company supports active Shareholder participation at the AGM and welcomes questions from Shareholders who wish to raise issues pertaining to the Group, within the setting of the general meetings.

The Company puts all resolutions at general meeting to vote by poll and announces the results by showing the number of votes cast for and against each resolution and the respective percentage to the audience at the general meetings. The detailed results will be announced via SGXNet after the conclusion of the general meeting.

Provision 12.2

The Company has in place an investor relations policy which allows for an ongoing exchange of views so as to actively engage and promote regular, effective and fair communication with shareholders.

The Company does not have an investor relations policy in place. The Group has engaged an investor relations firm to assist in disseminating news to the media and analysts, facilitating communications with shareholders and analysts, and attending to their queries or concerns. Accordingly, the Board is of the view that the current communication channels are sufficient and cost-effective.

The Board's policy is that all shareholders should be informed simultaneously in an accurate and comprehensive manner regarding all material developments that impact the Group via SGXNet, in line with the Group's disclosure obligations pursuant to the Listing Manual of the SGX-ST and the Companies Act. The Company's half-yearly financial results, annual reports, and sustainability reports are announced on the SGXNet within the stipulated period.

Provision 12.3

The Company's investor relations policy sets out the mechanism through which shareholders may contact the Company with questions and through which the Company may respond to such questions.

Shareholders are given the opportunity to pose questions to the Directors or the Management at the AGM and all extraordinary general meetings. Shareholders are informed of Shareholders' meetings through notices, annual reports and circulars issued by the Company. Each item of special business included in the notices of Shareholders' meetings is accompanied, where appropriate, by an explanation for the proposed resolution.

MANAGING STAKEHOLDERS RELATIONSHIPS

ENGAGEMENT WITH STAKEHOLDERS

Principle 13: The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the Company are served.

Provision 13.1

The Company has arrangements in place to identify and engage with its material stakeholder groups and to manage its relationships with such groups.

The Company has regularly engaged its stakeholders through various medium and channels to ensure that the business interests are aligned with those of the stakeholders, to understand and address the concerns so as to improve services and products' standards, as well as to sustain business operations for long term growth.

The stakeholders have been identified as those who are impacted by the Group's business and operations and those who are similarly are able to impact the Group's business and operations.

Provision 13.2

The Company discloses in its annual report its strategy and key areas of focus in relation to the management of stakeholder relationships during the reporting period.

The Company maintains a corporate website at http://www.lianbeng.com.sg/ at which stakeholders can access information of the Company. The website includes an online investor relations site as an outreach to shareholders and all other stakeholders. The contact site provides general email address lbg@lianbeng.sg as an opportunity for stakeholders to raise issues or questions regarding the Company and its operations.

Provision 13.3

The Company maintains a current corporate website to communicate and engage with stakeholders.

The Company updates its corporate website http://www.lianbeng.com.sg/ regularly with information released on the SGXNet and business developments of the Group.

OTHER CORPORATE GOVERNANCE MATTERS

1. MATERIAL CONTRACTS

[Rule 1207(8) of the Listing Manual of the SGX-ST]

The Company confirms that except as disclosed in the Directors' Statement and Financial Statements of the Company for FY2022, there were no other material contracts and loans of the Company and its subsidiaries involving the interests of the CEO or any Director or controlling shareholder, either still subsisting at the end of FY2022 or if not then subsisting, which were entered into since the end of the previous financial year.

2. INTERESTED PERSON TRANSACTIONS

[Rule 1207(17) of the Listing Manual of the SGX-ST]

The Group does not have a general mandate from shareholders for recurrent interested person transactions.

The Company has adopted an internal policy in respect of any transaction with an interested person, which sets out the procedures for review and approval of such interested person transaction.

All interested person transactions are documented and submitted periodically to the AC for their review to ensure that such transactions are carried out on an arm's length basis and on normal commercial terms and are not prejudicial to the Company and its minority shareholders.

There were no interested person transactions of S\$100,000 and above during FY2022.

3. DEALINGS IN SECURITIES

[Rule 1207(19) of the Listing Manual of the SGX-ST]

The Company has adopted policies in line with the requirements of Rule 1207(19) of the Listing Manual of the SGX-ST on dealings in the Company's securities.

The Company prohibits its officers from dealing in the Company's shares on short-term considerations or when they are in possession of unpublished price-sensitive information. The Company, its Directors, officers and employees are not allowed to deal in the Company's shares during the periods commencing one month before the announcement of the Company's half-year and full year financial results and ending on the date of the announcement of the relevant financial results.

4. RISK MANAGEMENT

The Management frequently reviews the Company's business and operational activities to identify areas of significant business and financial risks as well as appropriate measures to control and mitigate these risks within the Company's policies and strategies. The significant risk management policies are as disclosed in the audited financial statements.

5. SUSTAINABILITY REPORTING

The Company will publish its standalone Sustainability Report for FY2022 by 31 October 2022, in accordance with Practice Note 7.6 of the Listing Manual of the SGX-ST at SGXNet and the Company's website at http://www.lianbeng.com.sg/.

The Company's Sustainability Report outlines the Group's (i) sustainability reporting framework; (ii) Economic, Environmental, Social and Governance ("**EESG**") factors; (iii) policies, practices and performance; and (iv) targets.

The Group identifies and prioritise material EESG factors, planning and strategizing the sustainability initiatives to minimize the EESG risks. The Company recognises that good EESG practices do contribute to the overall long-term success of the Group.

There was no change in the above-mentioned interests between the end of the financial year and 21 June 2022.

By virtue of Section 7 of the Singapore Companies Act 1967, Mr. Ong Pang Aik and Ms. Ong Lay Huan are deemed to have an interest in the ordinary shares of all the subsidiaries of the Company, at the beginning and at the end of the financial year.

Except as disclosed in this report, no director who held office at the end of the financial year had interests in shares, share options, warrants or debentures of the Company, or of related corporations, either at the beginning of the financial year or at the end of the financial year.

Options

During the financial year, there were:

- (a) no options granted by the Company or its subsidiaries to any person to take up unissued shares in the Company or its subsidiaries; and
- (b) no shares issued by virtue of any exercise of options to take up unissued shares of the Company or its subsidiaries.

As at the end of the financial year, there were no unissued shares of the Company or its subsidiaries under option.

Audit Committee

The Audit Committee ("AC") carried out its functions in accordance with Section 201B (5) of the Singapore Companies Act 1967, including the following:

- Reviewed the scope and results of the external audit and its cost effectiveness, and the independence and objectivity of the external auditors;
- Reviewed the nature and extent of non-audit services provided by the external auditors and its cost effectiveness;
- Reviewed significant financial reporting issues and judgements to ensure the integrity of the financial statements of the Company and any formal announcements relating to the Company's financial performance;
- Reviewed and reported to the Board at least annually the adequacy and effectiveness of the Company's internal controls, including financial, operational, compliance and information technology controls and the risk management systems;
- Reviewed whether the Company's internal audit function is independent, effective and adequately resourced:
- Make recommendations to the Board on the appointment, re-appointment and removal of the external auditors and approve the remuneration and terms of engagement of the external auditors;
- Reviewed interested person transactions (if any) falling within the scope of Chapter 9 of the Listing Manual;
- Reviewed the framework for staff to raise concerns about possible improprieties in matters of financial reporting or other matters in confidence, and that there is independent investigation of such matters and appropriate follow-up action; and
- Reviewed the audit plans and reports of the internal auditor and ensure the adequacy and effectiveness of the Company's system of internal controls.

Audit Committee (cont'd)

The AC reviews the independence of the external auditor annually. The AC, having reviewed all non-audit services provided by the external auditor to the Group, is satisfied that the nature and extent of such services does not affect the independence of the external auditor and has recommended to the Board for the re-appointment of Messrs Ernst & Young LLP as the auditor of the Company at the forthcoming Annual General Meeting.

The AC convened two meetings during the year. The AC has also met with the external auditor, without the presence of the Company's management at least once a year.

Further details regarding the AC are disclosed in the Report on Corporate Governance.

Auditor

Ernst & Young LLP have expressed their willingness to accept re-appointment as auditor.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF LIAN BENG GROUP LTD

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Lian Beng Group Ltd (the "Company") and its subsidiaries (collectively, the "Group"), which comprise the statements of financial position of the Group and the Company as at 31 May 2022, the statements of comprehensive income and statements of changes in equity of the Group and the Company and the consolidated cash flow statement of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group, the statement of financial position, statement of comprehensive income and the statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Companies Act 1967 (the "Act") and Singapore Financial Reporting Standards (International) ("SFRS(I)") so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 May 2022 and of the financial performance and changes in equity of the Group and of the Company and the cash flows of the Group for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing ("SSAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority ("ACRA") *Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities* ("ACRA Code") together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled our responsibilities described in the Auditor's responsibilities for the audit of the financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF LIAN BENG GROUP LTD

Key audit matters (cont'd)

1. Accounting for construction contracts

The Group is involved in construction projects for which it recognises contract revenue and cost by reference to the percentage of completion in accordance with SFRS(I) 15 *Revenue from Contracts with Customers*. The percentage of completion is measured based on the actual costs incurred to-date to the total budgeted costs for each project. The uncertainty and subjectivity involved in determining the budgeted cost to complete each project and the percentage of completion may have a significant impact on the results of the Group. The Covid-19 pandemic and related business disruptions and operational changes have also increased the estimation uncertainty relating to budgeted time and cost needed to complete ongoing projects. Accordingly, we have identified accounting for construction contracts as a key audit matter.

As part of our audit procedures, we obtained an understanding and reviewed management's internal costing and budgeting processes in estimating contract revenues, costs and profit margin. For significant projects, our procedures included:

- reviewed the contractual terms and conditions and verified the costs incurred against underlying documents
- assessed the reasonableness of the key assumptions used by management in estimating the total budgeted cost for the projects
- reviewed the appropriateness of inputs, amongst others, materials, subcontractor and labor costs used by management in their estimation of the total cost to complete and obtained supporting documentation on the major inputs
- checked whether the contract revenue was recognised according to the percentage of completion of each project measured by reference to contract costs incurred for work performed to date to the estimated total cost
- reviewed the project files and discussed with the management on the progress of significant projects to determine if there are signs of potential disputes, variation order claims, known technical issues, delays, penalties or overruns. If the unavoidable costs of meeting the obligations under a contract exceeds the economic benefits expected to be received under it, adequate provision for onerous contracts has been recognised
- reviewed management's assessment and estimation of the additional time and costs needed to complete the on-going projects due to business disruptions and operational changes related to the Covid-19 pandemic as well as considered the implications of the relevant government driven relief measures on the budgeted costs to complete
- checked the arithmetic accuracy of the revenue, cost and profit recognised based on the percentage of completion computation for individually significant projects

We also assessed the adequacy of the Group's disclosures for revenue recognition and contract balances in Notes 25 and 10.

Key audit matters (cont'd)

2. Fair value measurement of investment properties

The Group carries its investment properties held through its subsidiaries, joint ventures and associates at fair value, with changes in fair values being recognised in profit or loss. The Group engaged external valuers to determine their fair values as at 31 May 2022.

The valuation of the investment properties is a significant judgmental area and is underpinned by a number of assumptions including but not limited to adjustments made to market data and benchmarks for any difference in nature, location or condition of the specific property. The valuation exercise also relies upon the accuracy and appropriateness of the underlying lease and financial information provided to the independent valuation specialists by the management. In addition, there was an increase in the levels of estimation uncertainty and judgement required in determining the valuation of investment properties due to the uncertain market and economic conditions that are also affected by the Covid-19 pandemic. Accordingly, we have identified this as a key audit matter.

As part of our audit procedures, we assessed the Group's process relating to the selection of the external valuers, the determination of the scope of their work, and the review of the valuation reports issued by the external valuers. We also assessed the objectivity and competency of the external valuers. With the assistance of our internal property valuation specialist, we held discussions with the external valuers and management to understand and evaluate the appropriateness of the valuation methodologies applied, assumptions and inputs used, including key valuation adjustments made in response to the uncertainties in the market and economic conditions that are also affected by the Covid-19 pandemic and the overall results of the valuations. Key assumptions and inputs evaluated include projected rental and occupancy rates, capitalization rates, discount and terminal yield rates, and relevant market pricing benchmarks. We assessed the reasonableness of these key assumptions and inputs by comparing them to supporting documents and contracts, actual financial performance and available market data while taking into consideration the specific nature and highest and best use of these properties as well as implications from the Covid-19 pandemic and related economic uncertainties on key valuation assumptions and inputs.

We also assessed the adequacy of the Group's disclosures for investment properties, joint ventures, and associates in the investment holding segment and fair value measurement in Notes 5, 38, and 34 to the financial statements.

3. Recoverability of development properties in subsidiaries and related investments in associates

The Group develops commercial and residential properties for sale through its subsidiaries and through equity and debt investments in associates involved in the property development segment. Development properties are stated at the lower of cost and net realisable value. As at 31 May 2022, the Group's development properties and interests in associates amounted to \$120,062,000 and \$166,485,000, which accounts for 6% and 8% of total assets, respectively. The determination of their recoverability, and in the case of debt investments in associates, expected credit loss ("ECL"), are primarily driven by the net realisable value and outlook for the sale and completion of the related development properties. Significant management judgement is involved in estimating the net realisable value of the development properties as at 31 May 2022, and in estimating the future financial performance of the projects and ECL in event of default by the associates. In addition, there is increased estimation uncertainty as at 31 May 2022 arising from the volatility in market and economic conditions brought on by the on-going Covid-19 pandemic. Accordingly, we have identified this as a key audit matter.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF LIAN BENG GROUP LTD

Key audit matters (cont'd)

3. Recoverability of development properties in subsidiaries and related investments in associates (cont'd)

For material development properties held by subsidiaries and associates, we inquired and discussed with management to understand and consider the property development and business plans, current progress and potential delays to the development projects and their expected financial performance. We performed audit procedures on relevant financial information, including but not limited to, appropriateness of the cost capitalised to development properties and expected future development and sales costs by checking against underlying supporting documents, making inquiries with relevant project executives and reviewing the computations and estimation of the progress of the projects.

Our audit procedures in reviewing management's assessment of the net realisable value of development properties held by subsidiaries and associates that also affects the recoverability and ECL of the Group's equity and debt investments in the associates, respectively also included amongst others, evaluating the reasonableness of the key assumptions while taking into consideration the specific circumstances of the development properties and the business implications from the Covid-19 pandemic. We compared these key assumptions to relevant evidence such as available market data, prices from recent sales transactions and independent valuations obtained for the development properties, as appropriate. We also reviewed the adjustments made for development properties held by subsidiaries and associates to measure them at the lower of cost and net realisable value. For development projects undertaken by associates, we also reviewed management's process of equity accounting the results of associates and making adjustments relating to the carrying amount of development properties to account for the different financial reporting periods of the associates.

In respect of the independent valuations obtained by management and the associates to assess the net realisable value, we assessed the objectivity and competency of the external valuers. We considered and held discussions with the external valuers and involved our internal valuation specialist when necessary to understand and evaluate the appropriateness of the valuation methodologies applied and the results of their work, including how the impact of Covid-19 has been considered. We assessed the reasonableness of the key inputs and assumptions by comparing them to available market data while taking into consideration the specific nature of the development properties and the future development costs expected to be incurred. We also evaluated the significance of forward-looking adjustments that can impact the ECL of the Group's debt investments in the associates by considering the outlook of the relevant economies and property markets.

We also assessed the adequacy of the Group's disclosures for development properties and associates in the property development segment in Notes 11 and 38 to the financial statements.

Other information

Management is responsible for other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I), and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF LIAN BENG GROUP LTD

Auditor's responsibilities for the audit of the financial statements (cont'd)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements.
 We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Note A

During the financial year, the Group acquired property, plant and equipment with an aggregate cost of \$65,352,000 (2021: \$22,517,000) of which \$52,725,000 (2021: \$6,092,000) were acquired under lease and other arrangements. Cash payments of \$12,627,000 (2021: \$16,425,000) were made to purchase property, plant and equipment.

The accompanying accounting policies and explanatory notes form an integral part of the financial statements.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

1. Corporate information

Lian Beng Group Ltd (the "Company") is a limited liability company incorporated and domiciled in Singapore and is listed on the Singapore Exchange Securities Trading Limited ("SGX-ST").

The immediate and ultimate holding company is Ong Sek Chong & Sons Pte Ltd, which is incorporated and domiciled in Singapore.

The registered office and principal place of business of the Company is located at 29 Harrison Road, Lian Beng Building, Singapore 369648.

The principal activity of the Company is investment holding. The principal activities of the subsidiaries, joint arrangements and associates are disclosed respectively in Note 6, Note 7 and Note 8 to the financial statements.

2. Summary of significant accounting policies

2.1 Basis of preparation

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards (International) ("SFRS(I)"). The financial statements have been prepared on the historical cost basis, except as disclosed in the accounting policies below. The financial statements are presented in Singapore Dollars (SGD or \$) and all values in the tables are rounded to the nearest thousand (\$'000), except when otherwise indicated.

2.2 Changes in accounting policies

The accounting policies adopted are consistent with those of the previous financial year except in the current financial year, the Group has adopted all the new and revised standards which are effective for annual financial periods beginning on or after 1 June 2021. The adoption of the other standards did not have any effect on the financial performance or position of the Group and the Company.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.3 Standards issued but not yet effective

The Group has not adopted the following standards and interpretations that have been issued but not yet effective:

| Effective for annual periods beginning |
|--|
| on or after |
| 1 January 2023 |
| |
| 1 January 2023 |

The directors expect that the adoption of the standards above will have no material impact on the financial statements in the year of initial application.

2.4 Basis of consolidation and business combinations

(a) Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.4 Basis of consolidation and business combinations (cont'd)

(a) Basis of consolidation (cont'd)

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- de-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- de-recognises the carrying amount of any non-controlling interest;
- de-recognises the cumulative translation differences recorded in equity;
- recognises the fair value of the consideration received;
- recognises the fair value of any investment retained;
- recognises any surplus or deficit in profit or loss; and
- re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

(b) Business combinations and goodwill

Business combinations are accounted for by applying the acquisition method. Identifiable assets acquired and liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Acquisition-related costs are recognised as expenses in the periods in which the costs are incurred and the services are received.

Any contingent consideration to be transferred by the acquirer will be recognised at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration which is deemed to be an asset or liability, will be recognised in profit or loss.

Non-controlling interest in the acquiree, that are present ownership interests and entitle their holders to a proportionate share of net assets of the acquiree are recognised on the acquisition date at either fair value, or the non-controlling interest's proportionate share of the acquiree's identifiable net assets.

Any excess of the sum of the fair value of the consideration transferred in the business combination, the amount of non-controlling interest in the acquiree (if any), and the fair value of the Group's previously held equity interest in the acquiree (if any), over the net fair value of the acquiree's identifiable assets and liabilities is recorded as goodwill. In instances where the latter amount exceeds the former, the excess is recognised as gain on bargain purchase in profit or loss on the acquisition date.

Goodwill is initially measured at cost. Following initial recognition, goodwill is measured at cost less any accumulated impairment losses.

For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to the Group's cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

The cash-generating units to which goodwill has been allocated are tested for impairment annually and whenever there is an indication that the cash-generating unit may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash-generating unit (or group of cash-generating units) to which the goodwill relates.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.5 Transactions with non-controlling interests

Non-controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to owners of the Company.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

2.6 Foreign currency

The financial statements are presented in Singapore Dollars, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

(a) Transactions and balances

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss. For equity investment securities held at FVOCI, exchange differences arising from translation are recognised in other comprehensive income and into fair value reserves.

(b) Consolidated financial statements

For consolidation purpose, the assets and liabilities of foreign operations are translated into SGD at the rate of exchange ruling at the end of the reporting period and their profit or loss are translated at the exchange rates prevailing at the date of the transactions. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

In the case of a partial disposal without loss of control of a subsidiary that includes a foreign operation, the proportionate share of the cumulative amount of the exchange differences are re-attributed to non-controlling interest and are not recognised in profit or loss. For partial disposals of associates or jointly controlled entities that are foreign operations, the proportionate share of the accumulated exchange differences is reclassified to profit or loss.

2. Summary of significant accounting policies (cont'd)

2.7 Property, plant and equipment

All items of property, plant and equipment are initially recorded at cost. Subsequent to recognition, property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Freehold land has an unlimited useful life and therefore is not depreciated. Depreciation of other assets is computed on a straight-line basis over the estimated useful lives of the assets as follows:

Freehold properties – 50 years
Leasehold land and buildings – 4 to 36 years
Plant and machinery – 3 to 10 years
Furniture, fittings and office equipment – 1 to 5 years
Motor vehicles – 3 to 5 years
Tugboats and barges – 10 to 15 years
Workers' dormitory – 3 to 5 years

Assets under construction included in property, plant and equipment are not depreciated as these assets are not yet available for use.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of property, plant and equipment is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset is included in the profit or loss in the year the asset is de-recognised.

2.8 Investment properties

Investment properties are properties that are owned by the Group to earn rentals or for capital appreciation, or both, rather than for use in the production or supply of goods or services, or for administrative purposes, or in the ordinary course of business. Investment properties comprise completed investment properties and properties that are being constructed or developed for future use as investment properties. Properties held under operating leases are classified as investment properties when the definition of an investment property is met.

Investment properties are initially measured at cost, including transaction costs.

Subsequent to initial recognition, investment properties are measured at fair value. Gains or losses arising from changes in the fair values of investment properties are included in profit or loss in the year in which they arise.

Investment properties are de-recognised when either they have been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal. Any gains or losses on the retirement or disposal of an investment property are recognised in profit or loss in the year of retirement or disposal.

Transfers are made to or from investment property only when there is a change in use. For a transfer from investment property to owner-occupied property, the deemed cost for subsequent accounting is the fair value at the date of change in use.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.9 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses of continuing operations are recognised in profit or loss, except for assets that are previously revalued where the revaluation was taken to other comprehensive income. In this case, the impairment is also recognised in other comprehensive income up to the amount of any previous revaluation.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss unless the asset is measured at revalued amount, in which case the reversal is treated as a revaluation increase. Impairment losses relating to goodwill cannot be reversed in future periods.

2.10 Inventories

Inventories are stated at the lower of cost and net realisable value. Costs incurred in bringing the inventories to their present locations and conditions are accounted for as follows:

Raw materials (construction) – Purchase costs on a first-in first-out basis
Raw materials (concrete and sands) – Determined on a weighted-average basis

Where necessary, allowance is provided for damaged, obsolete and slow-moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.11 Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less any impairment losses.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.12 Joint arrangements

A joint arrangement is a contractual arrangement whereby two or more parties have joint control. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

A joint arrangement is classified either as joint operation or joint venture, based on the rights and obligations of the parties to the arrangement.

To the extent the joint arrangement provides the Group with rights to the assets and obligations for the liabilities relating to the arrangement, the arrangement is a joint operation. To the extent the joint arrangement provides the Group with rights to the net assets of the arrangement, the arrangement is a joint venture.

(a) Joint operations

The Group recognises in relation to its interest in a joint operation,

- (i) its assets, including its share of any assets held jointly;
- (ii) its liabilities, including its share of any liabilities incurred jointly;
- (iii) its revenue from the sale of its share of the output arising from the joint operation;
- (iv) its share of the revenue from the sale of the output by the joint operation; and
- (v) its expenses, including its share of any expenses incurred jointly.

The Group accounts for the assets, liabilities, revenues and expenses relating to its interest in a joint operation in accordance with the accounting policies applicable to the particular assets, liabilities, revenues and expenses.

(b) Joint ventures

The Group recognises its interest in a joint venture as an investment and accounts for the investment using the equity method. The accounting policy for investment in joint venture is set out in Note 2.13.

2.13 Joint ventures and associates

An associate is an entity over which the Group has the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control of those policies.

The Group accounts for its investments in associates and joint ventures using the equity method from the date on which it becomes an associate or joint venture.

On acquisition of the investment, any excess of the cost of the investment over the Group's share of the net fair value of the investee's identifiable assets and liabilities is accounted as goodwill and is included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is included as income in the determination of the entity's share of the associate or joint venture's profit or loss in the period in which the investment is acquired.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.13 Joint ventures and associates (cont'd)

Under the equity method, the investment in associates or joint ventures are carried in the statement of financial position at cost plus post-acquisition changes in the Group's share of net assets of the associates or joint ventures. The profit or loss reflects the share of results of the operations of the associates or joint ventures. Distributions received from joint ventures or associates reduce the carrying amount of the investment. Where there has been a change recognised in other comprehensive income by the associates or joint ventures, the Group recognises its share of such changes in other comprehensive income. Unrealised gains and losses resulting from transactions between the Group and associate or joint venture are eliminated to the extent of the interest in the associates or joint ventures.

When the Group's share of losses in an associate or joint venture equals or exceeds its interest in the associate or joint venture, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate or joint venture.

After application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in associate or joint ventures. The Group determines at the end of each reporting period whether there is any objective evidence that the investment in the associate or joint venture is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value and recognises the amount in profit or loss.

For financial statements of the associate or joint venture which are prepared as of the same reporting date of the Company, the most recent available audited financial statements of the associates and joint ventures are used by the Group in applying the equity method. Where the date of the audited financial statements used is not co-terminus with that of the Group, the share of results is arrived at from the last audited financial statements available and unaudited management financial statements to the end of the financial year. Where necessary, adjustments are made to bring the accounting policy in line with those of the Group.

In the Company's separate financial statements, investment in joint ventures and associates are accounted at cost, less impairment losses.

2.14 Affiliated company

An affiliated company is a company, not being a subsidiary or an associate, in which one or more of the directors or shareholders of the Company have a significant equity interest or exercise significant influence.

2.15 Contract assets

Upon entering into a contract with a customer, the Group obtains rights to receive consideration from the customer and assumes performance obligations to transfer goods or services to the customer. A contract asset is recognised when the Group has the right to consideration in exchange for goods and services that the Group has transferred to a customer when that right is conditional on something other than passage of time (for example, the Group's future performance). A contract asset becomes a trade receivable when receipt of the consideration is unconditional and only the passage of time is required before the consideration is due.

The contract assets relate to unbilled work-in-progress and have substantially the same characteristics as the trade receivables for the same type of contracts. The impairment policy explained in Note 2.18 also applies to contract assets.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.16 Development properties

Development properties are properties acquired or being constructed for sale in the ordinary course of business, rather than to be held for the Group's own use, rental or capital appreciation.

Development properties are held as inventories and are measured at the lower of cost and net realisable value.

Net realisable value of development properties is the estimated selling price in the ordinary course of the business, based on market prices at the end of the reporting date, less the estimated costs of completion and the estimated costs necessary to make the sale.

Non-refundable commissions paid to sales or marketing agents on the sale of real estate units are capitalised and amortised consistently with the pattern of revenue recognised for the related contract to profit or loss. Show flats expenses are expensed when incurred.

The costs of development properties recognised in profit or loss on disposal are determined with reference to the specific costs incurred on the property sold and an allocation of any non-specific costs based on the relative size of the property sold.

2.17 Financial instruments

(a) Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. The Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows while financial assets classified and measured at fair value through OCI are held within a business model with the objective of both holding to collect contractual cash flows and selling.

2.17 *Financial instruments* (cont'd)

(a) Financial assets (cont'd)

Initial recognition and measurement (cont'd)

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the settlement date, i.e., the date that the asset is delivered to or by the Group.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortised cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

Financial assets at amortised cost (debt instruments)

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

The Group's financial assets at amortised cost are as disclosed in Note 35.

Financial assets at fair value through OCI (debt instruments)

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the statement of profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is recycled to profit or loss.

The Group's debt instruments at fair value through OCI are as disclosed in Note 9.

Financial assets designated at fair value through OCI (equity instruments)

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under SFRS(I) 1-32 *Financial Instruments: Presentation* and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as revenue or other income in the statement of profit or loss when the right of payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

The Group's equity instruments at fair value through OCI are as disclosed in Note 9.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.17 Financial instruments (cont'd)

(a) Financial assets (cont'd)

Subsequent measurement (cont'd)

Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the statement of profit or loss.

This category includes listed investments which the Group had not irrevocably elected to classify at fair value through OCI. Dividends on listed investments are recognised as revenue or other income in the statement of profit or loss when the right of payment has been established.

The Group's financial assets at fair value through profit or loss are as disclosed in Note 9.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- The rights to receive cash flows from the asset have expired or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of its continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.17 Financial instruments (cont'd)

(b) Financial liabilities

Initial recognition and measurement

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities are as disclosed in Note 35.

Subsequent measurement

Financial liabilities at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

2.18 Impairment of financial assets

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at FVPL and financial guarantee contracts. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12 month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

2. Summary of significant accounting policies (cont'd)

2.18 Impairment of financial assets (cont'd)

For debt instruments at FVOCI, the Group applies the low credit risk simplification. At every reporting date, the Group evaluates whether the debt instrument is considered to have low credit risk using all reasonable and supportable information that is available without undue cost or effort. In making that evaluation, the Group reassesses the internal credit rating of the debt instrument.

The Group considers a financial asset in default when contractual payments are 180 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2.19 Cash and cash equivalents

Cash and cash equivalents comprise cash at banks and on hand, demand deposits, and short-term, highly liquid investments that are readily convertible to known amount of cash and which are subject to an insignificant risk of changes in value. These also include bank overdrafts that form an integral part of the Group's cash management.

2.20 Provisions

General

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Onerous contracts

If the Group has a contract that is onerous, the present obligation under the contract is recognised and measured as a provision. However, before a separate provision for an onerous contract is established, the Group recognises any impairment loss that has occurred on assets dedicated to that contract.

An onerous contract is a contract under which the unavoidable costs (i.e. the costs that the Group cannot avoid because it has the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation of penalties arising from failure to fulfil it.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.21 Borrowing costs

Borrowing costs are capitalised as part of the cost of a qualifying asset if they are directly attributable to the acquisition, construction or production of that asset. Capitalisation of borrowing costs commences when the activities to prepare the asset for its intended use or sale are in progress and the expenditures and borrowing costs are incurred. Borrowing costs are capitalised until the assets are substantially completed for their intended use or sale. All other borrowing costs are expensed in the period they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

2.22 Employee benefits

(a) Defined contribution plan

The Group participates in the national pension schemes as defined by the laws of the countries in which it has operations. In particular, the Singapore companies in the Group make contributions to the Central Provident Fund scheme in Singapore, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

(b) Employee leave entitlement

Employee entitlements to annual leave are recognised as a liability when they are accrued to the employees. The undiscounted liability for leave expected to be settled wholly before twelve months after the end of the reporting period is recognised for services rendered by employees up to the end of the reporting period. The liability for leave expected to be settled beyond twelve months from the end of the reporting period is determined using the projected unit credit method. The net total of service costs, net interest on the liability and remeasurement of the liability are recognised in profit or loss.

2.23 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

(a) As lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

(i) Right-of-use assets

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.23 Leases (cont'd)

- (a) As lessee (cont'd)
 - (i) Right-of-use assets (cont'd)

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment. The accounting policy for impairment is disclosed in Note 2.9. The Group's right-of-use assets are presented within property, plant and equipment in Note 4.

(ii) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

(iii) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

(b) As lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned. The accounting policy for rental income is set out in Note 2.25(g).

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.24 Financial guarantee

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantees are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, financial guarantees are measured at the higher of the amount of expected credit loss determined in accordance with the policy set out in Note 2.18 and the amount initially recognised less, when appropriate, the cumulative amount of income recognised over the period of the guarantee.

2.25 Revenue

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

(a) Construction contract revenue

The Group's construction contracts are accounted for as a single deliverable (i.e. single performance obligation). The Group recognises revenue from construction works over time as the Group's performance does not create an asset with alternative use to the Group and it has concluded that it has an enforceable right to payment for performance completed to date.

Contract revenue is recognised over time by reference to the Group's progress towards completing the performance obligation in the contract. The measure of progress is determined based on the costs incurred to date as a proportion of the estimated total construction and other costs to be incurred.

Costs incurred that are not related to the contract or that do not contribute towards satisfying a performance obligation are excluded from the measure of progress.

Costs incurred in fulfilling the contract which are within the scope of another SFRS(I) shall be accounted for in accordance with those other SFRS(I). If these are not within the scope of another SFRS(I), the Group will recognise these as contract assets only if (a) these costs relate directly to a contract or an anticipated contract which the Group can specifically identify; (b) these costs generate or enhance resources of the Group that will be used in satisfying (or in continuing to satisfy) performance obligations in the future; and (c) these costs are expected to be recovered. Otherwise, such costs are recognised as an expense immediately.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.25 Revenue (cont'd)

(a) Construction contract revenue (cont'd)

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in the profit or loss in the period in which the circumstances that give rise to the revision become known by management.

Progress billings to the customers are typically triggered upon certification by external specialists. A contract asset is recognised when the Group has performed under the contract but has not yet billed the customer. Conversely, a contract liability is recognised when the Group has not yet performed under the contract but has received advanced payments from the customer. Contract assets are transferred to receivables when the rights to consideration become unconditional. Contract liabilities are recognised as revenue as the Group performs under the contract.

Contract modifications

The Group accounts for contract modifications arising from change orders to modify the scope or price of the contract as separate contracts if the modification adds distinct goods or services at their standalone selling prices. For contract modifications that add distinct goods or services but not at their standalone selling prices, the Group combines the remaining consideration in the original contract with the consideration promised in the modification to create a new transaction price that is then allocated to all remaining performance obligations. For contract modifications that do not add distinct goods or services, the Group accounts for the modification as continuation of the original contract and is recognised as a cumulative adjustment to revenue at the date of modification.

(b) Sale of development properties

The Group develops and sells residential and commercial properties before completion of construction of the properties.

Revenue is recognised when control over the property has been transferred to the customer, either over time or at a point in time, depending on the contractual terms and the practices in the legal jurisdictions.

For development properties whereby the Group is restricted contractually from directing the properties for another use as they are being developed and has an enforceable right to payment for performance completed to date, revenue is recognised over time, based on the construction and other costs incurred to date as a proportion of the estimated total construction and other costs to be incurred.

For development properties whereby the Group does not have an enforceable right to payment for performance completed to date, revenue is recognised when the customer obtains control of the asset.

Progress billings to the customers are based on a payment schedule in the contract and are typically triggered upon achievement of specified construction milestones. A contract asset is recognised when the Group has performed under the contract but has not yet billed the customer. Conversely, a contract liability is recognised when the Group has not yet performed under the contract but has received advanced payments from the customer.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.25 Revenue (cont'd)

(b) Sale of development properties (cont'd)

Contract assets are transferred to receivables when the rights to consideration become unconditional. Contract liabilities are recognised as revenue as the Group performs under the contract.

Incremental costs of obtaining a contract are capitalised if these costs are recoverable. Costs to fulfil a contract are capitalised if the costs relate directly to the contract, generate or enhance resources used in satisfying the contract and are expected to be recovered. Other contract costs are expensed as incurred.

Capitalised contract costs are subsequently amortised on a systematic basis as the Group recognises the related revenue. An impairment loss is recognised in profit or loss to the extent that the carrying amount of the capitalised contract costs exceeds the remaining amount of consideration that the Group expects to receive in exchange for the goods or services to which the contract costs relates less the costs that relate directly to providing the goods and that have not been recognised as expenses.

(c) Sale of goods

Revenue is recognised when the goods are delivered to the customer and all criteria for acceptance have been satisfied.

(d) Rendering of services

Revenue from rendering of services is recognised when the services are performed and all criteria for acceptance by the customer have been satisfied.

(e) Interest income

Interest income is recognised using the effective interest method.

(f) Dividend income

Dividend income is recognised when the Group's right to receive payment is established.

(g) Rental income

Rental income arising from operating leases on investment properties, machineries and ship chartering are accounted for on a straight-line basis over the lease terms. The aggregate costs of incentives provided to lessees are recognised as a reduction of rental income over the lease term on a straight-line basis.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.26 *Taxes*

(a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(b) Deferred tax

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all temporary differences, except:

- where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.26 *Taxes* (cont'd)

(b) Deferred tax (cont'd)

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

(c) Sales tax

Revenues, expenses and assets are recognised net of the amount of sales tax except:

- where the sales tax incurred on a purchase of assets or service is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- receivables and payables that are stated with the amount of sales tax included.

2.27 Government grants

Government grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Where the grant relates to an asset, the fair value is recognised as deferred capital grant on the statement of financial position and is amortised to profit or loss over the expected useful life of the relevant asset by equal annual instalments. Where the grant relates to income, it is recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

Where loans or similar assistance are provided by governments or related institutions with an interest rate below the current applicable market rate, the effect of this favourable interest is regarded as additional government grant.

2.28 Share capital and share issue expenses

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.29 Contingencies

A contingent liability is:

- (a) a possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group; or
- (b) a present obligation that arises from past events but is not recognised because:
 - (i) it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
 - (ii) the amount of the obligation cannot be measured with sufficient reliability.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent liabilities and assets are not recognised on the statement of financial position of the Group, except for contingent liabilities assumed in a business combination that are present obligations and which the fair values can be reliably determined.

2.30 Segment reporting

For management purposes, the Group is organised into operating segments based on their products and services which are independently managed by the respective segment managers responsible for the performance of the respective segments under their charge. The segment managers report directly to the management of the Company who regularly reviews the segment results in order to allocate resources to the segments and to assess the segment performance. Additional disclosures on each of these segments are shown in Note 38, including the factors used to identify the reportable segments and the measurement basis of segment information.

2.31 Treasury shares

The Group's own equity instruments, which are reacquired (treasury shares) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sales, issue or cancellation of the Group's own equity instruments. Any difference between carrying amount of treasury shares and the consideration received, if reissued, is recognised directly in equity. Voting rights related to treasury shares are nullified for the Group and no dividends are allocated to them respectively.

2.32 Non-current assets held for sale and discontinued operations

The Group classifies non-current assets and disposal groups as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. Non-current assets and disposal groups classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset (disposal group), excluding finance costs and income tax expense.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

2. Summary of significant accounting policies (cont'd)

2.32 Non-current assets held for sale and discontinued operations (cont'd)

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the asset or disposal group is available for immediate sale in its present condition. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the plan to sell the asset and the sale expected to be completed within one year from the date of the classification.

Property, plant and equipment and intangible assets are not depreciated or amortised once classified as held for sale.

Assets and liabilities classified as held for sale are presented separately as current items in the statement of financial position.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit or loss.

Additional disclosures are provided in Note 5. All other notes to the financial statements include amounts for continuing operations, unless indicated otherwise.

3. Significant accounting estimates and judgements

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

(a) Judgements made in applying accounting policies

In the process of applying the Group's accounting policies, management has made the following judgements which have the most significant effect on the amounts recognised in the consolidated financial statements:

Sale of residential and commercial development properties

For the sale of residential and commercial development properties, the Group is required to assess each of its contracts with customers to determine whether performance obligations are satisfied over time or at a point in time in order to determine the appropriate method for recognising revenue. In making the assessment, the Group considered the terms of the contracts entered into with customers and the provisions of relevant laws and regulations applicable to the contracts. The assessment of whether the Group has an enforceable right to payment for performance completed to date involves judgment made in determining the enforceability of the right to payment under the legal environment of the jurisdictions where the contracts are subject to.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

3. Significant accounting estimates and judgements (cont'd)

(b) Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

(i) Revenue recognition on construction contracts and development properties under construction

The Group recognises contract revenue from construction contracts and sale of development properties over time by reference to the Group's progress towards completing the performance obligation in the contract.

Management has determined that a cost-based input method for these services provides a faithful depiction of the Group's performance in transferring control of the goods and services promised to the customers, as it reflects the Group's efforts incurred to date relative to the total inputs expected to be incurred for the contract. The measure of progress is based on the costs incurred to date as a proportion of total costs expected to be incurred up to the completion of the performance obligation within the contract.

Contract revenue comprises the initial amount of revenue agreed in the contract and variations in contract work to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

Significant judgements are used to estimate these total contract costs to complete and total contract consideration. In making these estimates, management has relied on the expertise of the project directors to determine the progress of the construction and also on past experience of completed projects.

The carrying amounts of contract assets and contract liabilities arising from construction contracts and sale of development properties at the end of the reporting period are \$113,333,000 and \$52,689,000 (2021: \$85,814,000 and \$44,011,000) respectively.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

3. Significant accounting estimates and judgements (cont'd)

- (b) Key sources of estimation uncertainty (cont'd)
 - (ii) Provision for expected credit losses of trade receivables and contract assets

The Group uses a provision matrix to calculate ECLs for trade receivables and contract assets. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust historical credit loss experience with forward-looking information. At every reporting date, historical default rates are updated and changes in the forward-looking estimates are analysed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's trade receivables and contract assets is disclosed in Note 36(a).

The carrying amount of trade receivables and contract assets as at 31 May 2022 were \$66,529,000 and \$113,333,000 (2021: \$62,344,000 and \$85,814,000) respectively.

(iii) Estimation of net realisable value of development properties

Development properties are stated at the lower of cost and net realisable value.

Net realisable value of development properties is the estimated selling price in the ordinary course of the business, based on market prices at the end of the reporting period and discounted for the time value of money if material, less the estimated costs of completion and the estimated costs necessary to make the sale. The carrying amount of development properties at the end of the reporting period is disclosed in Note 11 to the financial statements.

(iv) Fair value measurement of investment properties

The Group carries its investment properties at fair value, with changes in fair values being recognised in profit or loss. The Group engaged independent valuation specialists to determine fair value as at 31 May 2022. The valuation techniques adopted were the Direct Comparison Method and Income Approach Method. The first involves analysing recent sales evidence of similar properties. Adjustments are made to differences in location, age, tenure, floor area, condition, exposure, date of sale, amongst other factors, before arriving at the fair value of the properties. The second involves the conversion of the net income of the properties into a capital sum at a suitable rate of return which reflects the quality of the investment. The net income is the balance sum after deducting property tax, cost of repairs and maintenance and a reasonable percentage for vacancy from the gross rent. The fair value of the properties is arrived at by capitalising the net income at a suitable rate of return.

The carrying amount of the Group's investment properties as at 31 May 2022 was \$674,201,000 (2021: \$681,485,000).

(d) Acquisition of additional interest in a subsidiary

In the previous financial year, on 19 November 2020, the Group, through a wholly-owned subsidiary, Wealth Gold Pte. Ltd. ("WG"), incorporated a 100%-owned subsidiary, Lian Beng (Tai Seng) Pte. Ltd. ("LBTS") with 100 shares of \$1 each. On 12 January 2021, LBTS issued 50 new shares to WG and 50 new shares to Apricot-32RE (Tai Seng) Pte. Ltd. ("Apricot"). On completion of the new share issue, the Group held 75% interest in LBTS.

On 16 April 2021 (the "acquisition date"), the Group acquired 10 shares, representing 5% of the issued shares of LBTS from Apricot for a purchase consideration of \$10. Upon the completion of the acquisition of shares, the Group holds 80% of the equity share capital for LBTS. The carrying amount of the non-controlling interests in LBTS on the acquisition date was a deficit balance of \$6,260. The Group recognised an increase in non-controlling interests of \$313 and recorded a decrease in equity of \$323 attributable to owners of the Group.

(e) <u>Acquisition of additional interest in SLB</u>

In the previous financial year, the Group acquired approximately an additional 1.8% equity interest in SLB from the open market for a cash consideration of \$1,960,000. The difference between consideration paid of \$1,960,000 and the carrying value of the additional interest acquired of \$2,825,000 had been recognised within equity.

The following summarised the effect of the change in the Group's ownership interest in SLB on the equity attributable to owners of the Company:

| | 2021 \$'000 |
|---|-----------------------|
| Consideration paid for acquisition of NCI Decrease in equity attributable to NCI | 1,960 (2,825) |
| Increase in equity attributable to owners of the Company (Note 24(c)) | (865) |

(f) Impairment testing of investment in subsidiaries

Impairment losses of \$8,003,000 (2021: \$3,000,000) was recognised during the financial year as the recoverable amount from the equity investment is projected to be below the Company's cost of investment.

Investments pledged as security

The Group's investment securities amounting to \$142,306,000 (2021: \$130,537,000) have been pledged as security for bank loans (Note 20).

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

9. Investment securities (cont'd)

Derecognition of equity investments designated at FVOCI

During the financial year, the Group had received capital refund, redeemed and disposed of certain equity investments designated at FVOCI with fair value of \$15,213,000 (2021: \$10,747,000) due to favourable market conditions. Equity investments designated at FVOCI of \$890,000 were redeemed in the previous financial year. The cumulative gain arising from derecognition of these equity investments of \$7,000 (2021: \$705,000) was transferred from fair value adjustment reserve to retained earnings (Note 24(b)).

Investments in equity instruments designated at FVOCI

The Group has elected to measure these investment securities at FVOCI due to the Group's intention to hold these equity instruments for long-term appreciation. The place of incorporation of the issuer of the investment securities are as follows:

| | Group | | Company | |
|-----------|-------------|-------------|-------------|-------------|
| | 2022 | 2021 | 2022 | 2021 |

The Group recognised dividends of \$966,000 (2021: \$978,000) from equity investments designated at FVOCI held at the end of the financial year and dividends of \$285,000 (2021: \$3,000) from equity investments designated at FVOCI prior to their derecognition during the financial year.

10. Contract balances

(a) Contract assets and contract liabilities

Information relating to contract balances arising from contracts with customers is disclosed as follows:

| | Group | | | |
|---|-----------------------|-----------------------|------------------------------|--|

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

10. Contract balances (cont'd)

(a) <u>Contract assets and contract liabilities</u> (cont'd)

Contract assets primarily relate to the Group's right to consideration for work completed but not yet billed at the reporting date for construction contracts and sale of development properties. Contract assets are transferred to receivables when the rights become unconditional.

Included in contract assets is capitalised fulfilment costs of \$24,745,000 (2021: \$16,296,000) which relates to land and land related costs of sold development properties. These capitalised costs are amortised to profit or loss (Note 10(b)).

Contract liabilities primarily relate to the Group's obligation to transfer goods or services to customers for which the Group has received consideration from customers. Contract liabilities are recognised as revenue as the Group performs under the contract.

(i) Significant changes in contract assets are explained as follows:

| | Gre | Group | | |
|---|-----------------------|-----------------------|--|--|
| | 2022 \$'000 | 2021 \$'000 | | |
| Changes in measurement of progress Contract asset reclassified to receivables | 348,204 (329,134) | 212,461 (204,653) | | |

(ii) Significant changes in contract liabilities are explained as follows:

| Group | | |
|---------------------|--------------------|--|
| 2022 2000 | 2021 \$'000 | |
| 3,710 | 51,243 | |
| | 3,710 | |

<u>Transaction price allocated to remaining performance obligation</u>

The Group has applied the practical expedient not to disclose information about its remaining performance obligations if:

- The performance obligation is part of a contract that has an original expected duration for one year or less, or
- The Group recognises revenue in the amount to which the Group has a right to invoice customers in amounts that correspond directly with the value to the customer of the Group's performance completed to date.

Variable consideration that is constrained is not included in the transaction price.

As at 31 May 2022, the aggregate amount of transaction price allocated to the unsatisfied (or partially unsatisfied) performance obligations is approximately \$1,709,963,000 (2021: \$1,449,918,000). The Group expects these performance obligations to be recognised in the next 4 years (2021: 3 years).

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

10. Contract balances (cont'd)

(b) Capitalised contract and fulfilment costs

Capitalised contract costs relate to commission fees paid to property agents for securing sale contracts for the Group's development properties. During the year, \$6,567,000 (2021: \$1,692,000) of commission fees paid were capitalised as contract costs.

Capitalised commission fees are amortised when the related revenue is recognised. During the year, \$5,286,000 (2021: \$1,979,000) was amortised. There was no impairment loss in relation to such costs capitalised.

29. Taxation (cont'd)

Tax consequences of proposed dividends

There are no income tax consequences (2021: \$Nil) attached to the dividends to the shareholders proposed by the Company but not recognised as a liability in the financial statements (Note 39).

30. Earnings per share – basic and diluted

Earnings per share is calculated based on the Group's net profit attributable to equity holders of the Company for the year of \$43,460,000 (2021: \$26,068,000) over 499,689,000 (2021: 499,689,000) shares, being the weighted average number of shares in issue during the year.

As there were no share options and warrants granted during the year and no share options and warrants outstanding as at the end of the financial year, the basic and fully diluted earnings per share are the same.

31. Significant related party transactions

(a) Sale and purchase of goods and services

In addition to the related party information disclosed elsewhere in the financial statements, the following significant transactions between the Group and related parties took place at terms agreed between the parties during the financial year:

- (i) Staff costs of \$3,536,000 (2021: \$2,148,000) of the Group were paid to individuals who are close members of the family of certain directors of the Group.
- (ii) A subsidiary, Lian Beng Investment Pte Ltd, leased office space, with rental amounting to \$3,600 (2021: \$3,600) each to Evergrande Realty & Development Pte Ltd and Ong Sek Chong & Sons Pte Ltd. Certain directors of the Group have equity interests in these companies and are also directors of these companies.
- (iii) The Group earned construction revenue of \$74,410,000 (2021: \$25,258,000) and service fee from supply of labour of \$60,000 (2021: \$60,000) from an associate.
- (iv) The Group earned management fee of \$213,000 (2021: \$239,000) from joint ventures.

33. Financial support to subsidiaries

The Company has undertaken to provide continuing financial support to certain subsidiaries to enable them to operate as going concerns at least through twelve months from the date of the financial statements of the subsidiaries.

34. Fair value of assets and liabilities

(a) Fair value hierarchy

The Group categorises fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group can access at the measurement date,
- Level 2 Inputs other than quoted prices in active market included within Level 1 that are observable for the asset or liability, either directly or indirectly. Inputs are obtained from various sources including market participants, dealers, fund managers and brokers, and
- Level 3 Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

34. Fair value of assets and liabilities (cont'd)

- (d) <u>Level 3 fair value measurements</u> (cont'd)
 - (iii) Valuation policies and procedures

The senior management of the Group (the "Management") oversees the Group's financial reporting valuation process and is responsible for setting and documenting the Group's valuation policies and procedures. In this regard, the Management reports to the Group's Audit Committee.

For all significant financial reporting valuations using valuation models and significant unobservable inputs, it is the Group's policy to engage external valuation specialists to perform the valuation. The Management is responsible for selecting and engaging valuation specialists who possess the relevant credentials and knowledge on the subject of valuation, valuation methodologies and SFRS(I) 13 fair value measurement guidance.

For valuations performed by external valuation specialists, the Management reviews the appropriateness of the valuation methodologies and assumptions adopted. The Management also evaluates the appropriateness and reliability of the inputs used in the valuations.

Significant changes in fair value measurements from period to period are evaluated by the Management for reasonableness. Key drivers of the changes are identified and assessed for reasonableness against relevant information from independent sources, or internal sources if necessary and appropriate.

(iv) Transfers between fair value hierarchy

Transfers out of Level 3

There is no such transfer in both the current and previous financial year.

(e) Fair value of financial assets and liabilities by classes that are not carried at fair value and whose carrying amounts approximate fair value

The carrying amounts of the above financial assets and liabilities are reasonable approximation of their fair values due to their short-term nature.

Bank loans (Note 20), Amounts due from associates and subsidiaries (non-current) (Note 15) and Amounts due to subsidiaries (non-current) (Note 19)

The carrying amounts of these financial assets and liabilities are reasonable approximation of their fair values as they are floating rate instruments that are re-priced to market interest rates on or near the end of the reporting period.

Refundable rental deposits (non-current)

The carrying amounts of this financial liability is a reasonable approximation of its fair value as the effects of time value of money is not material.

36. Financial risk management objectives and policies

The Group and the Company are exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, interest rate risk, foreign currency risk and market price risk. The board of directors reviews and agrees policies and procedures for the management of these risks, which are executed by the Managing Director and Executive Director. The Audit Committee provides independent oversight to the effectiveness of the risk management process. The Group and the Company do not apply hedge accounting.

The following sections provide details regarding the Group's and the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

36. Financial risk management objectives and policies (cont'd)

There has been no change to the Group's exposure to these financial risks or the manner in which it manages and measures the risks.

(a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposure to credit risk arises primarily from trade and other receivables, amounts due from subsidiaries, joint ventures and associates. For other financial assets (including cash and cash equivalents), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Group's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Group trades only with recognised and creditworthy third parties. It is the Group's policy that all customers who wish to trade on credit terms are subject to credit evaluation by the management. In addition, receivable balances are monitored on an ongoing basis with the result that the Group's exposure to bad debts is not significant. For transactions that do not occur in the country of the relevant operating unit, the Group does not offer credit terms without the approval of the management.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

The Group has determined the default event on a financial asset to be when the counterparty fails to make contractual payments, within 180 days when they fall due, which are derived based on the Group's historical information.

The Group considers "low risk" to be an investment grade credit rating. To assess whether there is a significant increase in credit risk, the Group compares the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition.

The Group considers available reasonable and supportive forward-looking information which includes the following indicators:

- Internal credit rating
- External credit rating
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the borrower's ability to meet its obligations
- Actual or expected significant changes in the operating results of the borrower
- Significant increases in credit risk on other financial instruments of the same borrower
- Significant changes in the value of the collateral supporting the obligation or in the quality of third-party guarantees or credit enhancements
- Significant changes in the expected performance and behaviour of the borrower, including changes in the payment status of borrowers in the Group and changes in the operating results of the borrower.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 90 days past due in making contractual payment.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

36. Financial risk management objectives and policies (cont'd)

(a) <u>Credit risk</u> (cont'd)

The Group determined that its financial assets are credit-impaired when:

- There is significant difficulty of the issuer or the borrower
- A breach of contract, such as a default or past due event
- It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation
- There is a disappearance of an active market for that financial asset because of financial difficulty

The Group categorises a loan or receivable for potential write-off when a debtor fails to make contractual payments more than 180 days past due. Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where loans and receivables have been written off, the Group continues to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in the statement of comprehensive income.

Amounts due from joint ventures and associates

The Group's assessment of provision for impairment was limited to 12-month ECL. The Group has assessed and considered the credit risk for amounts due from related parties to be low and determined that the ECL is insignificant.

Trade receivables and contract assets

The Group provides for lifetime expected credit losses for all trade receivables and contract assets using a provision matrix. The provision rates are determined based on the Group's historical observed default rates analysed in accordance to days past due by grouping of customers based on geographical region.

The loss allowance provision as at 31 May 2022 and 2021 is determined as follows, the expected credit losses below also incorporate forward-looking information such as forecast of economic conditions where the gross domestic product will deteriorate over the next year, leading to an increased number of defaults.

(a) <u>Credit risk</u> (cont'd)

Exposure to credit risk

At the end of the reporting period, the Group's and the Company's maximum exposure to credit risk are represented by:

- The carrying amount of each class of financial assets recognised in the statements of financial position as disclosed in Note 35.
- A nominal amount of \$456,572,000 (2021: \$515,465,000) relating to corporate guarantee provided by the Group to the banks on joint ventures and associates' bank loans.
- A nominal amount of \$536,379,000 (2021: \$516,591,000) relating to corporate guarantee provided by the Group to the banks on subsidiaries' bank loans.
- A nominal amount of \$31,064,000 (2021: \$10,686,000) relating to corporate guarantee provided by the Group to the banks on subsidiaries' lease arrangements.

Credit risk concentration profile

The Group determines concentrations of credit risk by monitoring the country and industry sector profile of its trade receivables, amounts due from joint ventures and associates (trade), on an on-going basis. The credit risk concentration profile of the Group's trade receivables from third parties, joint ventures and associates at the end of the reporting period is as follows:

| | 2022 | | 2021 | |
|---|---------------------------------|-------------------|---------------------------------|-------------------|

At the end of the reporting period, approximately:

 51% (2021: 51%) of the Group's trade receivables from third parties were due from 5 major customers.

(b) <u>Liquidity risk</u>

Liquidity risk is the risk that the Group or the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Group's and the Company's exposure to liquidity risk arise primarily from mismatches of the maturities of financial assets and liabilities. The Group's and the Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities.

At the end of the reporting period, approximately 38% (2021: 38%) of the Group's loans and borrowings and lease liabilities (Notes 20 and 21) will mature in less than one year based on the carrying amount reflected in the financial statements. The Company has no (2021: Nil) loans and borrowings and lease liabilities at the end of the reporting period.

Analysis of financial instruments by remaining contractual maturities

The table below summarises the maturity profile of the Group's and the Company's financial liabilities at the end of the reporting period based on contractual undiscounted repayment obligations.

(b) <u>Liquidity risk</u> (cont'd)

The table below shows the contractual expiry by maturity of the Group's and Company's contingent liabilities and commitments. The maximum amount of the financial guarantee contracts are allocated to the earliest period in which the guarantee could be called.

| | One year or less \$'000 | Group and C One to five years \$'000 | Ompany Over five years \$'000 | Total \$'000 |

| Financial guarantees | 248,352 | 630,480 | 163,910 | 1,042,742 |

(c) <u>Interest rate risk</u>

Interest rate risk is the risk that the fair value or future cash flows of the Group's and the Company's financial instruments will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arise primarily from their bank loans.

The Group does not have any outstanding interest rate swap contracts as at 31 May 2022 and 2021.

Sensitivity analysis for interest rate risk

At the end of the reporting period, if SGD, AUD, EUR and USD interest rates had been 75 (2021: 75) basis points lower/higher with all other variables held constant, the Group's profit net of taxation would have been \$4,748,000 (2021: \$4,696,000) higher/lower, arising mainly as a result of lower/higher interest expense on floating rate loans and borrowings. The assumed movement in basis points for interest rate sensitivity analysis is based on the currently observable market environment.

(d) Foreign currency risk

The Group has minimal transactional currency exposures arising from sales or purchases that are denominated in a currency other than the respective functional currencies of entities in the Group, primarily SGD. It is not the Group's policy to enter into derivative forward foreign exchange contracts for hedging and speculative purposes.

The Group is also exposed to currency translation risk arising from its investments in foreign countries, namely Australia, Malaysia, China, United Kingdom and Europe. The Group's net investments in Australia, Malaysia, China, United Kingdom and Europe are not hedged as currency positions in AUD, MYR, RMB, GBP and EUR are considered to be long-term in nature.

(e) Market price risk

Market price risk is the risk that the fair value or future cash flows of the Group's and Company's financial instruments will fluctuate because of changes in market prices (other than interest or exchange rates). The Group and the Company are exposed to equity price risk arising from its investment in quoted equity investments. The quoted equity investments are classified as financial assets at FVPL and financial assets at FVOCI.

Sensitivity analysis for equity price risk

At the end of reporting period, if the prices for the quoted equity investments had been 5% (2021: 5%) higher/lower with all other variables held constant, the Group's other reserve in equity would have been \$4,694,000 (2021: \$4,823,000) higher/lower and the Company's other reserve in equity would have been \$661,000 (2021: \$631,000) higher/lower, arising as a result of an increase/decrease in the fair value of quoted equity investments classified as financial assets at FVOCI. The Group's profit before taxation would have been \$205,000 (2021: \$199,000) higher/lower, arising as a result of an increase/decrease in the fair value of equity instruments classified as financial assets at FVPL.

FOR THE FINANCIAL YEAR ENDED 31 MAY 2022

37. Capital management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made in the objectives, policies or processes during the years ended 31 May 2022 and 2021.

The Group monitors capital using gearing ratio, which is net debt divided by total capital. Net debt includes total liabilities less provision for taxation, deferred tax liabilities and cash and cash equivalents (excluding restricted cash). Total capital includes equity attributable to owners of the Group less fair value adjustment reserve. Adopting a conservative approach, the Group includes the corporate guarantee provided to the banks on joint ventures and associates' bank loans when calculating the gearing ratio.

The Group is in compliance with externally imposed financial covenants as at 31 May 2022 and 2021.

38. Segment information

For management purposes, the Group is organised into business units based on their products and services, and has four operating segments as follows:

- (i) The construction segment is in the business of constructing residential, institutional, industrial and commercial properties, and civil engineering projects as the main contractor. The construction segment also engages in other construction-related activities such as the provision of scaffolding and engineering services, sale of ready-mix concrete, reinforcement bar fabrication, and leasing of construction machinery.
- (ii) The dormitory segment is involved in the rental of dormitory units and provision of dormitory accommodation services.
- (iii) The investment holding segment holds investments in properties and quoted and unquoted securities for long-term capital appreciation and recurring income such as rental, interest, dividend and distribution income; and
- (iv) The property development segment is involved in the development and sale of properties (residential, commercial and industrial), provision of development management services, as well as fund management services and investment in the funds managed by fund managers, through SLB.

Except as indicated above, no operating segments have been aggregated to form the above reportable operating segments.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which in certain respects, as explained in the table below, is measured differently from operating profit or loss in the consolidated financial statements. Income taxes are managed on a group basis and are not allocated to operating segments. Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

3. To re-elect the following Directors retiring under Regulation 101 of the Company's Constitution:

Mr Ong Pang Aik[see explanatory note 1](Resolution 3)Ms Ong Lay Huan[see explanatory note 2](Resolution 4)Dr Tan Khee Giap[see explanatory note 3](Resolution 5)

4. To approve the payment of Directors' fees of up to S\$220,000 for the financial year ending 31 May 2023 to be paid guarterly in arrears (2022: S\$220,000). (Resolution 6)

[see explanatory note 4]

5. To re-appoint Messrs Ernst & Young LLP as Auditors of the Company and to authorise the Directors to fix their remuneration. (Resolution 7)

AS SPECIAL BUSINESS:

To consider and, if thought fit, to pass the following resolutions as Ordinary Resolutions, with or without amendments:

6. Authority to Allot and Issue Shares

(Resolution 8)

That pursuant to Section 161 of the Companies Act 1967 ("Companies Act") and Rule 806 of the Listing Manual of the Singapore Exchange Securities Trading Limited ("SGX-ST") ("Listing Manual"), the Directors be authorised and empowered to:

- (a) (i) allot and issue shares in the share capital of the Company ("Shares") whether by way of rights, bonus or otherwise; and/or
 - (ii) make or grant offers, agreements or options (collectively, "Instruments") that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) options, warrants, debentures or other instruments convertible into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors may at their absolute discretion deem fit; and

(b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue Shares in pursuance of any Instruments made or granted by the Directors while this Resolution was in force,

provided that:

- (1) the aggregate number of Shares (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) to be issued pursuant to this Resolution does not exceed 50% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with subparagraph (2) below), of which the aggregate number of Shares (including Shares to be issued in pursuance of Instruments made or granted pursuant to this Resolution) to be issued other than on a *pro rata* basis to shareholders of the Company does not exceed 20% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) (as calculated in accordance with subparagraph (2) below);
- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of Shares that may be issued under sub-paragraph (1) above, the total number of issued Shares (excluding treasury shares and subsidiary holdings) shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holdings) at the time this Resolution is passed, after adjusting for:
 - (a) new Shares arising from the conversion or exercise of convertible securities;
 - (b) new Shares arising from exercising share options or vesting of share awards, provided the options or awards were granted in compliance with Part VIII of Chapter 8 of the Listing Manual; and
 - (c) any subsequent bonus issue, consolidation or subdivision of Shares;

Adjustments in accordance with sub-paragraphs (2)(a) and (2)(b) above are only to be made in respect of new Shares arising from convertible securities, share options or share awards which were issued and outstanding or subsisting at the time of the passing of this Resolution;

- in exercising the authority conferred by this Resolution, the Company shall comply with the provisions of the Listing Manual for the time being in force (unless such compliance has been waived by the SGX-ST), the Companies Act and the Constitution for the time being of the Company; and
- (4) (unless revoked or varied by the Company at a general meeting) the authority conferred by this Resolution shall continue in force until the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is the earlier.

[see explanatory note 5]

7. Renewal of Share Buy Back Mandate

(Resolution 9)

That:

- (a) for the purposes of Sections 76C and 76E of the Companies Act, the Directors be authorised to exercise all the powers of the Company to purchase or otherwise acquire Shares not exceeding in aggregate the Prescribed Limit (as hereinafter defined), at such price(s) as may be determined by the Directors from time to time up to the Maximum Price (as hereinafter defined), whether by way of:
 - (i) market purchases (each a "Market Purchase") on the SGX-ST; and/or
 - (ii) off-market purchases (each an "**Off-Market Purchase**") effected otherwise than on the SGX-ST in accordance with any equal access schemes as may be determined or formulated by the Directors as they consider fit, which schemes shall satisfy all the conditions prescribed by the Companies Act,

and otherwise in accordance with all other provisions of the Companies Act and the Listing Manual as may for the time being be applicable (the "Share Buy Back Mandate");

- (b) any Share that is purchased or otherwise acquired by the Company pursuant to the Share Buy Back Mandate shall, at the discretion of the Directors, either be cancelled or held in treasury and dealt with in accordance with the Companies Act;
- (c) unless varied or revoked by the Company at a general meeting, the authority conferred on the Directors pursuant to the Share Buy Back Mandate may be exercised by the Directors at any time and from time to time during the period commencing from the passing of this Resolution and expiring on the earliest of:
 - (i) the date on which the next AGM of the Company is held or is required by law to be held;
 - (ii) the date on which the share buy back is carried out to the full extent mandated; or
 - (iii) the date on which the authority contained in the Share Buy Back Mandate is varied or revoked;
- (d) for purposes of this Resolution:

"Prescribed Limit" means 10% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) as at the date of the passing of this Resolution unless the Company has, at any time during the Relevant Period (as hereinafter defined), effected a reduction of its share capital in accordance with the applicable provisions of the Companies Act, in which event the total number of issued Shares shall be taken to be the total number of issued Shares as altered (excluding treasury shares and subsidiary holdings);

"Relevant Period" means the period commencing from the date on which the last AGM was held and expiring on the date the next AGM is held or is required by law to be held, whichever is the earlier, after the date of this Resolution; and

"Maximum Price" in relation to a Share to be purchased, means an amount (excluding brokerage, commission, stamp duty, applicable goods and services tax, and other related expenses) not exceeding:

- (i) in the case of a Market Purchase: 105% of the Average Closing Price; and
- (ii) in the case of an Off-Market Purchase: 120% of the Average Closing Price, where:

"Average Closing Price" means the average of the closing market prices of a Share over the last five market days, on which transactions in the Shares were recorded, before the day on which the Market Purchase was made or, as the case may be, the day of making of the offer for an Off-Market Purchase, and deemed to be adjusted for any corporate action that occurs during the relevant five-day period, and the day on which the purchases are made;

"day of making of the offer" means the day on which the Company makes an offer for the purchase or acquisition of Shares from shareholders of the Company, stating the purchase price (which shall not be more than the Maximum Price calculated on the foregoing basis) for each Share and the relevant terms of the equal access scheme for effecting the Off-Market Purchase; and

"market day" means a day on which the SGX-ST is open for trading in securities, and

(e) any of the Directors be authorised to complete and do all such acts and things (including without limitation, to execute all such documents as may be required and to approve any amendments, alterations or modifications to any documents), as they or he may consider desirable, expedient or necessary to give effect to the transactions contemplated by this Resolution.

[see explanatory note 6]

8. To transact any other business that may be properly transacted at the AGM of the Company.

BY ORDER OF THE BOARD

Wee Woon Hong Sim Yok Teng Company Secretaries

10 September 2022 Singapore

EXPLANATORY NOTES:

- Mr Ong Pang Aik will, upon re-election as a Director of the Company, continue to serve as the Chairman and Managing Director of the Company. Further information on Mr Ong Pang Aik can be found in the Company's Annual Report 2022. Please refer to pages 194 to 203 of the Annual Report 2022 for the detailed information required pursuant to Rule 720(6) of the Listing Manual of the SGX-ST.
- 2. Ms Ong Lay Huan will, upon re-election as a Director of the Company, continue to serve as the Executive Director of the Company. Further information on Ms Ong Lay Huan can be found in the Company's Annual Report 2022. Please refer to pages 194 to 203 of the Annual Report 2022 for the detailed information required pursuant to Rule 720(6) of the Listing Manual of the SGX-ST.
- 3. Dr Tan Khee Giap will, upon re-election as a Director of the Company, continue to serve as Independent Director of the Company and member of the Audit Committee, Nominating Committee and Remuneration Committee of the Company. Dr Tan Khee Giap is considered by the Board to be independent for the purpose of Rule 704(8) of the Listing Manual of the SGX-ST. Dr Tan Khee Giap does not have any relationships including immediate family relationships between himself and the Directors, the Company, its related corporations, its substantial shareholders or its officers. Further information on Dr Tan Khee Giap can be found in the Company's Annual Report 2022. Please refer to pages 194 to 203 of the Annual Report 2022 for the detailed information required pursuant to Rule 720(6) of the Listing Manual of the SGX-ST.
- 4. Ordinary Resolution 6 proposed in item 4 above, is to seek approval for the payment of up to S\$220,000 as directors' fees on a current year basis, that is for the financial year ending 31 May 2023. In the event that the amount proposed is insufficient, approval will be sought at the Company's next annual general meeting for payments to meet the shortfall.
- 5. Ordinary Resolution 8 proposed in item 6 above, if passed, will empower the Directors, from the date of the AGM until the conclusion of the next AGM of the Company, the date by which the next AGM of the Company is required by law to be held, or the date on which such authority is varied or revoked by the Company at a general meeting, whichever is the earliest, to issue Shares, make or grant Instruments convertible into Shares and to issue Shares pursuant to such Instruments, up to a number not exceeding, in total, 50% of the total number of issued Shares (excluding treasury shares and subsidiary holdings), of which up to 20% may be issued other than on a *pro rata* basis to shareholders of the Company.
- 6. Ordinary Resolution 9 proposed in item 7 above, if passed, will empower the Directors, from the date of the AGM until the date on which the next AGM is held or is required by law to be held, the date on which the share buy back is carried out to the full extent mandated, or the date on which the authority contained in the Share Buy Back Mandate is varied or revoked by the Company at a general meeting, whichever is the earliest, to make purchases (whether by way of Market Purchases or Off-Market Purchases on an equal access scheme) from time to time of up to 10% of the total number of issued Shares (excluding treasury shares and subsidiary holdings) at prices up to but not exceeding the Maximum Price. The rationale for, the authority and limitation on, the sources of funds to be used for the purchase or acquisition including the amount of financing and the financial effects of the purchase or acquisition of Shares by the Company pursuant to the Share Buy Back Mandate are set out in greater detail in the Addendum accompanying this Annual Report.

IMPORTANT INFORMATION:

- 1. To minimise physical interactions and Covid-19 transmission risks, the AGM is being convened, and will be held, by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. The Company will not accept any physical attendance by shareholders and any shareholder seeking to attend the AGM physically in person will be turned away.
- 2. Alternative arrangements relating to:
 - (a) attendance at the AGM via electronic means (including arrangements by which the AGM can be electronically accessed via "live" audio-visual webcast or "live" audio-only stream);
 - (b) submission of questions to the Chairman of the AGM in advance of the AGM, and addressing of substantial and relevant questions in advance of the AGM; and
 - (c) voting at AGM by appointing the Chairman of the AGM as proxy to vote on the members' behalf at the AGM.

Members will be able to participate in the AGM in the manner set out in the paragraphs below:

Pre-registration

A member who wishes to watch and observe the proceedings of the AGM through a live webcast (comprising both video (audio-visual) and audio-only feeds) via their mobile phones, tablets or computers are to submit their request, with their full name (as per CDP/CPF/SRS/Script-based records), identification number (e.g. NRIC/Passport Number/FIN), shareholding type(s) (e.g. CDP/CPF/SRS/Script-based), email address and contact number (to enable the Company and/or its agents and service providers to authenticate their status as member) to the Company by **11.30 a.m.** on **25 September 2022** (i.e. not less than 72 hours before the time appointed for holding the above AGM), via https://online.meetings.vision/lianbeng-agm-registration.

Upon successful authentication, each such member will receive an email reply by **9.00 a.m. on 27 September 2022**. The email reply will contain instructions to access the live webcast of the AGM proceedings. Only authenticated members are permitted to access and attend the AGM proceedings.

Members who have pre-registered by the deadline of 11.30 a.m. on 25 September 2022 but have not received an email reply by 9.00 a.m. on 27 September 2022, please contact the Company's Share Registrar, M & C Services Private Limited at (65) 6228-0505 or (65) 6228-0517 (between 9.00 a.m. and 6.00 p.m. on 27 September 2022, or between 9.00 a.m. and 10.30 a.m. on 28 September 2022).

On the day of the AGM, before an authenticated and pre-registered member may access the live webcast and attend the AGM (by electronic means), the member's identity is required to be verified by the Company's Share Registrar, M & C Services Private Limited. Members are encouraged to log on (to access to the live webcast of the AGM proceedings) early to avoid possible bottlenecks and potential delays. We seek your kind understanding and cooperation. Members may log on from 10.30 a.m. on Wednesday, 28 September 2022.

Questions

Members, including CPF and SRS Investors, can submit questions in advance of the AGM.

Members will not be able to ask questions during the live webcast of the AGM. Members who may have questions relating to each resolution to be tabled for approval at the AGM are to submit their questions to the Company via email to agm@lianbenggroup.com.sg by 11.30 a.m. on Sunday, 18 September 2022.

When sending in questions via email to the Company, please provide the following details:

- (a) full name (as per CDP/CPF/SRS/Script-based records);
- (b) identification number (e.g. NRIC/Passport Number/FIN);
- (c) shareholding type(s) (e.g. CDP/CPF/SRS/Script-based);
- (d) email address; and
- (e) contact number.

The Company will endeavour to address all relevant and substantial questions (as may be determined by the Company in its sole discretion) received from Members prior to the AGM by publishing the responses to such questions on the SGXNet at the URL https://www.sgx.com/securities/company-announcements and the Company's website at the URL https://ir.lianbeng.com.sg/ before 11.30 a.m. on Thursday, 22 September 2022. Where substantially similar questions are received, the Company will consolidate such questions and consequently not all questions may be individually addressed.

The Company will publish the minutes of the AGM via the SGXNet and the Company's website within 1 month after the date of AGM.

Voting

Members who wish to exercise their voting rights at the AGM must appoint the Chairman of the AGM as their proxy to vote on their behalf at the AGM.

If the member is a corporation, the instrument appointing the Chairman of the AGM as proxy must be under seal or the hand of an officer or attorney duly authorised.

The instrument appointing the Chairman of the AGM as proxy, duly executed, must either be deposited at the office of the Company's Share Registrar, M & C Services Private Limited, at 112 Robinson Road, #05-01, Singapore 068902, or by email to gpc@mncsingapore.com, in each case, by **11.30 a.m. on Sunday, 25 September 2022** (that is, not less than 72 hours before the time appointed for holding the AGM). Members are strongly encouraged to submit the completed and signed PDF copies of their proxy forms to the Company via email to gpc@mncsingapore.com.

CPF and SRS Investors including persons who hold Shares through relevant intermediaries who wish to appoint the Chairman of the AGM as proxy should approach their respective CPF Agent Banks, SRS Operators or relevant intermediaries to submit their votes by **5.00 p.m. on Friday, 16 September 2022.**

A Depositor's name must appear on the Depository Register maintained by The Central Depository (Pte) Limited as at 72 hours before the time fixed for holding the AGM in order for the Depositor to be entitled to access the live webcast and attend and vote via proxy at the AGM.

Documents

The Annual Report, Notice of AGM, and Proxy Form will be sent to the Members solely by electronic means via publication on the SGXNet and the Company's website. Printed copies of these documents will not be sent to Members.

Please refer to the SGXNet at the URL https://www.sgx.com/securities/company-announcements and the Company's website at the URL https://ir.lianbeng.com.sg/ for the following documents:

- (a) Annual Report for the financial year ended 31 May 2022;
- (b) Notice of AGM; and
- (c) Proxy Form.

As the Covid-19 pandemic continues to evolve, further measures and/or changes to the AGM arrangements may be made on short notice in the ensuing days, even up to the day of the AGM. Members are advised to closely monitor announcements made on SGXNet and the Company's website for updates on the AGM.

The Company would like to thank Members for their patience and co-operation in enabling the Company to hold its AGM with the optimum safe distancing measures amidst the current Covid-19 situation.

PERSONAL DATA PRIVACY:

By (a) submitting a form appointing the Chairman of the AGM as proxy to attend and vote at the AGM and/ or any adjournment thereof, or (b) submitting details for the registration to observe the proceedings of the AGM via the "live" audio-visual webcast or "live" audio-only stream, or (c) submitting any question(s) prior to the AGM in accordance with this notice, a member of the Company consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the following purposes:

- (i) processing and administration by the Company (or its agents or service providers) of the appointment of the Chairman of the AGM as proxy for the AGM (including any adjournment thereof) and the preparation and compilation of the attendance lists, proxy lists, minutes and other documents relating to the AGM (including any adjournment thereof);
- (ii) processing of the registration for purpose of granting access to members (or their corporate representatives in the case of members which are legal entities) to observe the proceedings of the AGM and providing them with any technical assistance where necessary;
- (iii) addressing relevant and substantial questions from members received before the AGM and, if necessary, following up with the relevant members in relation to such questions; and

Notes:

- 1. Please insert the total number of shares held by you. If you have shares entered against your name in the Depository Register (as defined in Section 81SF of Securities and Futures Act 2001 of Singapore or any statutory modification thereof, as the case may be), you should insert that number of shares. If you have shares registered in your name in the Register of Members, you should insert that number of shares. If you have shares entered against your name in the Depository Register and shares registered in your name in the Register of Members, you should insert the aggregate number of shares entered against your name in the Depository Register and registered in your name in the Register of Members. If no number is inserted, the instrument appointing a proxy or proxies shall be deemed to relate to all the shares held by you.
- 2. To minimise Covid-19 transmission risks, members will not be able to attend the AGM in person. Members (whether individual or corporate) must appoint the Chairman of the AGM as their proxy to attend and vote on their behalf at the AGM if such members wish to exercise their voting rights at the AGM. Where the members (whether individual or corporate) appoint the Chairman of the AGM as their proxy, they must give specific instructions as to their manner of voting, or abstention from voting, in respect of a resolution in this proxy form, failing which the appointment of the Chairman of the AGM as proxy for that resolution will be treated as invalid.
- 3. CPF/SRS investors including persons who hold shares through relevant intermediaries (as defined in section 181 of the Companies Act 1967) who wish to exercise their votes by appointing the Chairman of the AGM as proxy should approach their respective Agent Banks/SRS Operators or relevant intermediaries to submit their votes by **5.00 p.m.** on Friday, 16 September 2022.
- 4. The Chairman of the AGM, as proxy, need not be a member of the Company.
- 5. The instrument appointing the Chairman of the AGM as proxy, duly executed, must either be deposited:
 - (i) by post to the office of the Company's Share Registrar, M & C Services Private Limited, at 112 Robinson Road, #05-01, Singapore 068902; or
 - (ii) by email to gpc@mncsingapore.com,

in each case, by **11.30 a.m. on Sunday, 25 September 2022** (that is, not less than 72 hours before the time appointed for holding the AGM). Members are strongly encouraged to submit the completed and signed PDF copies of their proxy forms to the Company via email to gpc@mncsingapore.com.

- 6. The instrument appointing the Chairman of the AGM as proxy must be signed by the appointor or his attorney duly authorised in writing or, if the appointor is a corporation, it must be executed either under its common seal or signed by its attorney or officer duly authorised.
- 7. Where the instrument appointing the Chairman of the AGM as proxy is signed on behalf of the appointor by an attorney, the power of attorney or a notarially certified copy thereof (failing previous registration with the Company) must be lodged with this proxy form, failing which this proxy form may be treated as invalid.
- 8. A corporation which is a member may authorise by a resolution of its directors or other governing body such person as it thinks fit to act as its representative at the AGM in accordance with Section 179 of the Companies Act 1967.
- 9. The Company shall be entitled to reject the instrument appointing the Chairman of the AGM as proxy if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing a proxy. In addition, in the case of a member whose shares are entered against his/her/its name in the Depository Register, the Company may reject any instrument of proxy lodged if such member, being the appointor, is not shown to have shares entered against his/her/its name in the Depository Register 72 hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.
- 10. Any alteration made in this instrument appointing the Chairman of the AGM as proxy, must be initialed by the member/person who signs it.

Personal Data Privacy:

By submitting this proxy form, the member is deemed to have accepted and agreed to the personal data privacy terms set out in the Notice of AGM of the Company dated 10 September 2022.
